The following must be completed after consulting with your professor, and must be submitted to the Chair of the Department for approval in the week before the mid-term break of the semester immediately prior to the semester in which you propose to undertake your independent study project.

Please use additional pages as necessary and attach them to this form:

1. A project proposal: Proposals must include
   - a title,
   - description of the project;
   - rationale / objectives,
   - requirements to be met by the student;
   - a summary of the preparedness of the student to engage the proposed study at a high intellectual level;
   - a statement which speaks to the expertise of the professor to direct the proposed project;

2. A tentative timetable for the semester, i.e. interim dates by which you will have completed specific tasks;

3. A description of your working arrangements with your professor, e.g., will you meet on a regular basis, when are tasks completed, etc.
