Rooted in Villanova’s Augustinian intellectual tradition, our graduates are well-rounded, compassionate problem-solvers with strong critical-thinking skills.

Villanova graduates are starting careers with top companies—or starting businesses of their own. They’re conducting cutting-edge research and leading classroom discussions. You’ll find them wherever you go, because they have the skills to flourish wherever they go.

They’re the professionals employers seek out to bring enthusiasm and innovation to their companies. They’re the students who add knowledge and experience to prestigious graduate school classrooms and medical school labs. They’re the people who heed the Augustinian call to serve others around the world with inventive ideas and a willingness to use their skills for the greater good.

Read on for a look at the Class of 2017—a group of Villanova graduates who are about to ignite real change all over the world.

VILLANOVA

ALUMNI NETWORK

The Villanova experience is built on connections—and those connections extend well beyond campus. As undergraduates, Villanova students gain access to 123,000 alumni members of the Nova Network, and as a result, they advance along a promising path to their next destination. Some opportunities offered through Villanova include:

CAREERS IN INTERNATIONAL DEVELOPMENT DAY: A unique networking event that can take Villanovans’ desire to ignite change in the world and turn it into reality. This alumni-centric event introduces students to professions working to positively impact global poverty, inequality, climate change and world peace.

VILLANOVA ON THE HILL: An alumni-driven networking initiative that allows students to explore careers in public policy, including NGOs and politics, and builds an engaged alumni group of Villanovans working in Washington, D.C.

VILLANOVA IN THE VALLEY: A semester break trip to Silicon Valley that connects students with leading entrepreneurs and innovators. Past trips have included visits to the Google and Facebook headquarters.

VILLANOVA ON SET: A break trip to Los Angeles, where students connect with alumni in the entertainment industry.

SITE VISITS IN NEW YORK AND WASHINGTON, D.C.: Day trips to visit the nation’s leading firms in finance, fashion, advertising and politics.

“The Villanova in the Valley program challenged me to see the power of innovation and creativity in everything I do. My exposure to the Silicon Valley mindset inspired an entrepreneurial spirit in me that landed me the amazing job I have today.”

DEFINITIONS

SUCCESSFUL PLACEMENT RATE:
Graduates who are employed, continuing education or engaged in other planned activities (including military service, volunteer/service work and those taking time off before pursuing opportunities).

EMPLOYED:
Graduates who are employed full time and part time, including as entrepreneurs and in fellowships, temporary/contract work, freelance jobs and postgraduation internships.

CONTINUING EDUCATION:
Graduates who are enrolled full time or part time in a degree program, certificate program or specialized training.

OTHER ENDEAVORS:
Graduates who are involved in service and volunteer programs for an extended period of time, serving in any branch of the military or choosing non-employment, including graduates taking gap years before applying to professional and doctoral programs.

SEEKING OPPORTUNITIES:
Graduates who reported seeking either employment or continuing education programs after graduation.

HOW VILLANOVA COLLECTS THESE RESULTS

The Career Center conducts several surveys of Villanova’s spring undergraduate graduating class, starting the April before graduation and ending six months after Commencement, to assess postgraduation plans and employment information. Information is also collected via public record (LinkedIn) and official employment and institutional records. A small percentage of graduates reported prior to graduation that they were seeking opportunities, but did not provide an update during the survey collection period. These students are not included in this outcomes data. The percentage of the graduating class with known career outcomes is the knowledge rate. The knowledge rate for the Class of 2017 is 92.1 percent.
