Civil Engineer (Experienced and Entry-level)

Nave Newell, Inc., a leading land development consulting firm in the Greater Philadelphia region is looking for experienced and entry-level civil engineers to join our team.

Qualifications:
- Bachelor’s degree in civil engineering from an ABET accredited institution.
- EIT/FE preferred.
- Proficient in CAD and stormwater management software.
- Commanding knowledge of land development approval process.
- Desire to handle complex stormwater challenges and designs.
- Willingness to think outside the box.
- Ability to thrive when managing a variety of tasks in a fast-paced environment.

The successful candidate will assist our project managers and engineers with project coordination and perform technical engineering work including, but not limited to site grading, stormwater management, erosion and sediment control, NPDES applications and value engineering.

Nave Newell is a dynamic company committed to being “Fundamentally Different” and providing our clients with the highest level of service. We are growing together, personally and professionally, in a challenging, fast-paced, supportive community.

If you’d like to work with us, please submit your resume and qualifications to careers@navenewell.net and include Civil Engineer in the subject line.

Nave Newell is an equal opportunity employer.
