Be a Villanova nurse

Be the nurse—and the educated person—you want to be. Be a Villanova nurse.

Making the decision about which university nursing program is right for you takes a lot of thought. Can you picture yourself in the technology-rich College of Nursing building, Driscoll Hall? Learning in the cutting-edge classrooms with expert faculty who also mentor you? Integrating your knowledge and new skills in the clinical simulation labs? Caring for patients in world-renowned healthcare facilities? Enhancing your leadership potential in nursing and in life? Gaining a global perspective by promoting health around the world? Making lifelong friends, and a difference, on campus?

Keep gathering information, consider which program is the best launching pad for your nursing career and ask “Where do I see myself for four years?”

“I have connected with teachers beyond a level that most students at a large university would have, and I can definitely say that these connections will continue past graduation.” — Taylor Olafson, Florida

“Despite my immense love for Colorado, I was drawn to Villanova because I wanted to explore a different part of the nation, meet new people with different cultures, and obtain a top-notch education.” — Heather Yin, Colorado

POINTS OF COMPARISON

REPUTATION
National League for Nursing Center of Excellence in Nursing Education • Reputation respected by employers

EDUCATION
Direct application to College of Nursing with courses starting freshman year • Liberal arts foundation with Judeo-Christian values and orientation of service to others

PROFESSIONAL DEVELOPMENT
47 full-time faculty with 1:8 clinical ratio • Personalized advisement, career cultivation and professional mentoring by nursing faculty • Seamless transition into graduate school

RESOURCES AND OPPORTUNITIES
10 future-oriented clinical simulation labs • Excellent clinical experiences • International and multicultural opportunities creating global health awareness • Athletics and ROTC

Approved by Pennsylvania’s State Board of Nursing and fully accredited by the Commission on Collegiate Nursing Education
