Browser Test?

 **Browser Test**

This page shows you the results of tests of your web browser  
Click the More Information button below for further details describing what each component does and how to add it to your computer if it is missing

More InformationOther Tests Credits

**Your Computer**  
*This information may help you describe your computer and web browsing software to someone else*  
You appear to be using Internet Explorer.  
This tool attempts to check whether you have a number of plugins installed which will result in calls to some ActiveX components  
These calls may trigger security warnings to alert you to this fact. You need to allow these ActiveX components to run for the tests to complete.  
If you have any concerns about this please contact your Blackboard Administrator or IT Staff for advice.  
  
The user agent string supplied by your browser identifies itself and the operating system asMozilla/4.0 (compatible; MSIE 7.0; Windows NT 6.1; WOW64; Trident/4.0; SLCC2; .NET CLR 2.0.50727; .NET CLR 3.5.30729; .NET CLR 3.0.30729; Media Center PC 6.0; InfoPath.2)  
It appears to use the platform Win32  
Your screen resolution is set to 1280 x 1024

**Required Components**  
*If any of these components are missing, you may not be able to log in, or use some of the advanced features of Blackboard*

- ✓ Your browser supports JavaScript  
It is used by many of the data validation and interactive user interface tools (e.g. the Grade Centre)
- ✓ Your browser allows Cookies  
These are needed to store information about you whilst you are logged into Blackboard
- ✓ You have a Java runtime environment (JRE) installed - this is needed for some tools, e.g. the Virtual Classroom  
For best results you should use the same version of Java on your computer that is running server side  
This server is currently running Java Version 1.6.0\_20  
You can use this button to display the version of Java you have installed on your computer, but you are advised to ignore any prompts to upgrade:  
[Java Test](#)

**Optional Components**  
*These items are not required to use the basic features of Blackboard, but may be needed to display certain content types (particularly audio and video files)*

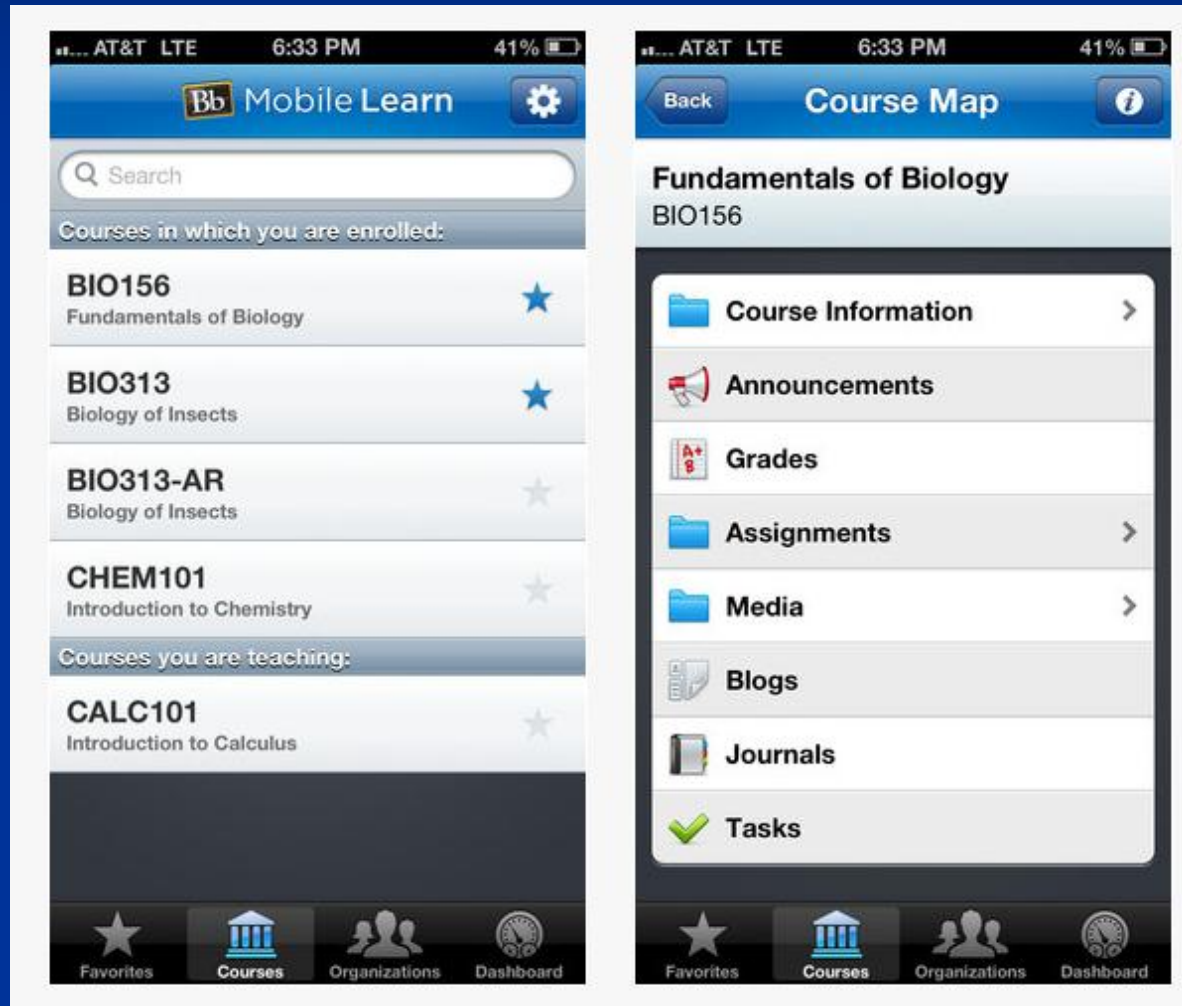

- ✓ You have a Macromedia Flash Player installed  
This is a common format for displaying videos (e.g. on YouTube) and animations
- ✓ You have a Macromedia Shockwave Player installed  
This is another common format used to display animations
- ✓ You have Windows Media Player installed  
This is often used to play embedded or streamed audio and video files
- ✓ You have RealPlayer installed  
This is sometimes used to play embedded or streamed audio and video files
- ✓ You have an Apple QuickTime Player installed  
This is often used to play embedded or streamed animations, audio and video files
- ✗ You do not have a separate Scaleable Vector Graphic Viewer installed  
Some (still relatively uncommon) images may not display correctly  
Many modern browsers (e.g. Firefox or Safari) won't need one, as they have built in support for SVG images

**Pop-ups**  
Some web pages in Blackboard use JavaScript Pop-up message boxes and alerts to communicate information to you  
Pop-up blocking software installed in your web browser (e.g. in the Yahoo and Google Toolbars) can prevent you from seeing these - unless it is configured to allow Pop-up from Blackboard  
Use the buttons below to test whether your browser currently allows Pop-up and alert messages:  
[Display an Alert](#) [Display a Pop-up](#)

# Student Printing

## iprint.villanova.edu

### Getting Started

- Print 24 hours a day, 7 days a week using:
- [iprint.villanova.edu](http://iprint.villanova.edu) Using iPRINT, students can submit print jobs 24 hours a day, 7 days a week from anywhere with web access using your LDAP user id and password. Simply login into the site, attach files, customize your print job and pick it up at the Bartley Print Center on your way to class.

I've always been a  
nurse at heart.  
YOU MAY BEGIN.

[About ATI](#)[ATI Product Solutions](#)[ATI Resources](#)[Secure Sign On](#)

## WE HELP TURN ORDINARY PEOPLE INTO NURSES.

It takes a special person to be a nurse. Some say it's a calling, others, an epiphany. Whatever the reason, it's one of the most giving career paths one can take. However, it is not an easy path, not for the faint of heart, but for the big-hearted - and big-brained which is where ATI can help. We have the comprehensive and adaptive learning systems to assist in preparing students with what they need to know to pass high stakes tests and to become compassionate skilled nurses. Which is why more nurse educators, universities and colleges around the country partner with us.

## AND HERE'S HOW.

To us, becoming a nurse involves three stages. The first stage is preparing for and being accepted into a nursing school program. The second stage is learning and succeeding during nursing school. And finally, the third stage is graduating and passing the NCLEX. Through our products and services ranging from pre-admission tests to curriculum testing to NCLEX success, we're here to help educators help students complete all of the steps.

## Tutorials: Practice Tests/Finals

The screenshot displays the ATI RN Learning System interface. At the top, the ATI logo is on the left, and a 'Close' button is on the right. Below the logo, the text 'RN Learning System Nursing Care of Children 2' is visible. A navigation bar contains icons for 'Calculator', 'Glossary', 'Critical Thinking', and 'Product Help'. Below this, a status bar shows 'Practice: Multiple Choice', 'Question #: 1 of 40', and 'TIMER: 00:00:18'. A red circle highlights the 'Hint' button, which is represented by an exclamation mark icon. To the right of the 'Hint' button is a 'Flag for Review' button with a flag icon.

The main content area contains a practice question:

A nurse is caring for an **adolescent** with diabetes mellitus who has been admitted twice this year to the hospital with **diabetic ketoacidosis**. Which of the following tests should the nurse recognize as the **best information to evaluate the client's compliance**?

Below the question are four radio button options:

- ☐ Hemoglobin A1C
- ☐ Fasting blood sugar
- ☐ Urinary ketones
- ☐ Urine glucose

A 'Glossary' window is open, showing a list of terms on the left and a 'Glossary Term Data Sheet' on the right. The 'Display Terms' section has checkboxes for 'General' and 'Pharmacology', both of which are checked. The 'All' tab is selected. The list of terms includes: delirium, delirium tremens, delusion, delusional, demand pacemaker, dementia, democratic management, denial, Denver Developmental Screening te, depressed, dermatology, desensitization, detached retina, dextrose, and diabetes. The 'Glossary Term Data Sheet' for 'diabetic ketoacidosis' is displayed, including a 'Click to hear pronunciation' button, and fields for 'Term', 'Abbreviation', 'Definition', 'Related Terms', and 'Related Terms'.

At the bottom right of the main content area is a 'NEXT' button.

>> Question #: 1 of 40

>> TIMER: 00:07:02

Hint

A nurse is caring for an adolescent with diabetes mellitus who has been admitted twice this year to the hospital with diabetic ketoacidosis. Which of the following tests should the nurse recognize as the best information to evaluate the client's compliance?

View  
Rationales

Hemoglobin A1C

Fasting blood sugar

Urinary ketones

Urine glucose

### Correct Answer:

Hemoglobin A1C

### Rationale For This Answer:

The Hemoglobin A1C, also referred to as the glycosylated hemoglobin assay, is the most sensitive indication of client compliance with the treatment regimen. The life span of a red blood cell (RBC) is about 120 days, and glucose molecules adhere to about 4 to 6% of hemoglobin. Because of the longevity of the RBCs, recent changes in diet, activity, or medication will not affect the results of this test.

### Account Information, Password Reset and More!

It is the policy of Villanova University that all faculty, staff and students will be issued a User ID that is to be protected by a password which enables them to complete the academic and business needs of the University. (There are occasions when an employee may need additional User IDs.) Where appropriate and upon need there may be User ID's created for non-university employees. It is the responsibility of the user to create a strong password and to safeguard its confidentiality. At no time should the user grant access to his/her account by ...

## WELCOME TO UNIT

University Information Technologies (UNIT) is the centralized IT group whose team members are dedicated to providing the University community with comprehensive IT services and solutions. This includes providing and maintaining the University-wide computing infrastructure for academic and administrative use.

UNIT is comprised of 9 divisions with 105 professional staff that are located in 6 locations across campus.

### Our Mission & IT Strategic Goals

Information technology (IT) has an important role in realizing the mission of the university's teaching,

# www.youtube.com/VUTechZone

The screenshot shows the YouTube interface for the VUTechZone channel. At the top, the YouTube logo and navigation links (Search, Browse, Movies, Upload) are visible. The channel name 'VUTechZone's Channel' is displayed with a 'Subscribe' button. The main video player shows a video titled 'How to Connect to VUMobile on Windows 7' with a duration of 0:04 / 0:43. Below the video player, the video title is repeated, along with the upload date (Jul 7, 2011) and view count (16 views). A description follows, stating that the video is a step-by-step approach to connecting to VUMobile on a Windows 7 computer. To the right of the video player, there is a list of other videos from the channel, including 'How to Submit a Self Service Helpdesk', 'How to Run Symantec on', 'How To Install and Run Malewarebytes', 'How to Install and Run CCleaner', 'How to Connect to VUMobile on', 'How to Configure VUMobile on', and 'How to Configure Villanova Gmail with'. At the bottom left, the channel's profile picture and name are shown, along with a 'Subscribe' button. At the bottom right, the subscriber count is listed as 'Subscribers (1)'.
