To help us group Pools by availability please **CHECK** the times that you (or your doubles team) would be available to play your match. The Intramural Office will assign the matches however it is up to the participants to decide **WHEN** the match will be played – by the match deadline.

Please keep in mind that matches will be played in the months of March and April and will all be outdoors. Take weather and temperature into consideration when scheduling matches. Also, don't wait until the last minute to play your match as unexpected weather or conflicts may arise and postpone your match. Be mindful of deadlines.
