How to Access Wimba Classroom

1. Login to your Blackboard Course.

2. From the Course Content page, click on the "Wimba Classroom" link on the course content page.

3. In the Wimba Classroom window, click on “Enter Room”.

4. In the “Is Your Computer Ready?” screen, if you have not done so already, please click the “Run Wizard” button to verify that your computer is configured properly. Otherwise, if you already ran the Wizard, click on the “click here” link to proceed to the room.

5. Upon entering the Wimba Classroom – Discussion Night Room, please note the following features. Click and hold down the “TALK” button to talk to your instructor and classmates. You may enter text into the text chat field. The telephone icon provides an alternate method to access the lecture if you are experiencing technical difficulties with audio.
For additional information on the features, please refer to the Wimba Classroom Participant Guide from the following URL -
