The ADEA AADSAS application requires all applicants to provide a DENTPIN®, a unique identification number assigned to all applicants and students in dental education and standardized testing programs. You may have obtained a DENTPIN® when you registered for the DAT. If not, you will be prompted to register for a DENTPIN® when you create your ADEA AADSAS application. Your DENTPIN® will follow you throughout your dental education career and will be required to register for future examinations. To register for a DENTPIN® or to look up your current DENTPIN®, go to: www.ada.org/goto/dentpin.

Villanova electronically submits a Committee Letter that includes all of the individual recommendation letters.

The applicant should **not** provide the names of individual evaluators whose letters are appended to the committee letter. **List only** Dr. Russo.
