**NOTE:** This product is not "hazardous" within the meaning of the OSHA Hazard Communication Standard. This information must be included in all MSDS that are copied and distributed for this material.

### SECTION III - PHYSICAL/CHEMICAL CHARACTERISTICS

- **Boiling point:** N.A.  
- **Vapor Pressure (mm Hg):** N.A.  
- **Vapor Density (Air=1):** N.A.  
- **Solubility in Water:** Complete  
- **Specific Gravity (H₂O=1):** 1.1  
- **Percent Volatile by Volume (%):** 85%  
- **Evaporation Rate (nBuOAc=1):** N.A.

**Appearance and Odor:** Clear yellow liquid with lemon fragrance

### SECTION IV - FLAMMABILITY AND REACTIVITY

- **Flash Point (Method Used):** 200°F (closed cup)  
- **Explosive Limits:** LEL: N.A. UEL: N.A.

**Extinguishing Media:** Use CO₂, dry chemical or foam.  
**Special Fire Fighting Procedures:** Use water to keep fire exposed containers cool.

**Unusual Fire Hazards:** None Known

**Stability**  
- Unstable: X  
- Stable: X  

**Incompatibility (Materials to avoid):** None Known

**Decomposition/By Products:** None Known

**Hazardous**  
- May Occur: X  
- Will Not Occur: X

**Polymerization**  
- Conditions to Avoid: None

**Conditions to Avoid:** None

**SECTION VI - PRECAUTIONS FOR SAFE HANDLING AND USE**

| Precautions to be Taken in Handling and Storing: | Store in a cool, dry, well ventilated area. |
| Other precautions: | None required |
| Steps to Be Taken in Case Material is Released or Spilled: | Use water spray to dilute and/or wash away spills to avoid exposure. |
| Waste Disposal Method: | Do not landfill. Small (household) quantities may be disposed of via sewer. Incineration is preferred where permitted by federal, state and local regulations. Disposal is to be performed in compliance with all regulations. |

**SECTION VII - SPECIAL PROTECTION INFORMATION**

| Respiratory Protection (Specify Type): | None required. |
| Ventilation | Local Exhaust: None required | Special: None |
| Mechanical (General): | Acceptable | Other: None |
| Eye Protection: | None required with normal use. If splash is possible use goggles. | Protective Gloves: None required with normal use. |
| Other Protective Equipment: | None required |

*N.A. - Not Applicable  
*N.K. - Not Known

The submission of this MSDS may be required by law, but this is not an assertion that the substance is hazardous when used in accordance with proper safety practices and normal handling procedures. Data supplied is for use only in connection with occupational safety and health.
Dear Customer,

Attached is a Material Safety Data Sheet (MSDS) for our product, Professional Line Mr. Clean. This MSDS was written to comply with Section 313 Title III of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR also known as the superfund Amendments and Reauthorization Act of 1986 (SARA). This law requires certain manufacturers to report on annual emissions of specified toxic chemicals and chemical categories.

We are required to notify you that Professional Line Mr. Clean contains 15% of a glycol ether listed under Section 313. If you are unsure if you must report or require more information about Section 313 of Title III of SARA, we suggest that you call the EPA Emergency Planning and Community Right-To-Know Hotline: (800) 535-0202 or (202) 479-2449 (in Washington, D.C. or Alaska). Your other suppliers should also be notifying you if Section 313 chemicals are in the mixtures and trade name products they sell to you.

Please also note that if you repackage or otherwise redistribute this product to industrial customers, a notice similar to this one should be sent to those customers.

Thank you for your interest in our products.
