What is “Business Casual” attire?

There is more information than you might think on the Internet as to what is meant by “Business Casual” attire. To keep things simple, let’s look at Emily Post. Her definition of “business casual” attire is a style of dress which is appropriate for the workplace but also is more relaxed or “casual” in nature.

Suggested attire:

Men:
- Seasonal sport coat or blazer with slacks or khakis
- Dress shirt with optional tie, or casual button-down shirt
- Open-collar or polo shirt loafers or loafer-style shoes and socks

Women:
- Skirt, khakis or pants
- Open-collar shirt, knit shirt, or sweater (no spaghetti straps or low neckline)
- Casual-style dress

You may use this definition to guide you when you select what to wear to the Faith and Learning Scholars dinner-dialogues.

We hope this is helpful.

Blessings,

Beth and Anne
