CATS Online
Student Proctor Guidelines

Courses will be evaluated using the online Course And Teacher Survey (CATS) system.

Please follow the guidelines below:

✓ Inform your fellow classmates that the instructor will not see the results until after final grades have been submitted.
✓ The online survey should be completed during the last two weeks of class.
✓ The survey should be administered in the beginning of class.
✓ The instructor should allow approximately ten minutes for the completion of the survey.
✓ The Instructor should not be in the room when the students are completing the survey.
✓ If the course has multiple instructors, there will be a separate survey link for each instructor.
✓ Surveys can be accessed on any laptop or mobile device.
✓ Preferred browsers for accessing the online evaluation are Chrome, Firefox and Safari.

There are two different ways for students to access the survey using their Villanova Username and Password.
