Monthly Presentation – Nick Tumolo and Chrissy Quisenberry on Commencement Changes

Chrissy introduced Nick Tumolo from Resident’s Life who works closely with the President’s Office and Commencement weekend. The schedule is brand new this year and structured in the hopes of curbing any negative behavior.

Staff Support: In the past few years we’ve moved away from using Staff One for more personalized Commencement related staffing. Volunteers from Villanova’s staff are essential to making Commencement a personal, meaningful experience for graduates and families. Staff are asked to help with 4 pm Commencement on 5/16 (report at 1 pm). The next day staff reports around 7 am to work all of the various events happening throughout the day. Undergraduates also help to fill spots where needed. Heavy recruiting of staff will begin after Spring Break. Those who help will be well fed and invited to a special lunch after Commencement Weekend. Each volunteer will receive a red Commencement Staff jacket!

Staff Training: There will be two trainings, one in April and another right before Commencement.

Getting Involved: Email Nick Tumolo nicholas.tumolo@villanova.edu to volunteer. Please be prepared to share with Nick the events you can work and your jacket size as well as any special requests.

Faculty/Staff Offer: If faculty or staff has students graduating there are opportunities for reserved seating.
Full details regarding the brand new Commencement schedule for 2014 can be found on the President’s page linked here! Questions can be directed to commencement@villanova.edu.

**Committee Reports:**

**Staff Development Committee – Megan Jacobs**

Staff Development Week in December was a huge success. The biggest piece of feedback the Committee received was a request for more trainings throughout the year.

Certificates to participants are coming out at the end of January/beginning of February.

**Suggestion Committee – Susan Scollon**

**Suggestion:**

Department: ECE
Description: Villanova University Email
Suggestion: Villanova retired faculty get to keep their Villanova email address, but staff do not. I think if a staff member who has worked (let’s say) 15 years or more and has retired should be able to keep their Villanova email address.
Date: 01/06/2014
Response/Resolution:

Sue, we have responded to this same type of request about half a dozen times over the past 5 or 6 years. A couple of major position is Villanova is not in a position to be able to provide free mail services to non employees there is both a cost and a risk to doing so. There are other free email providers such as Google and Yahoo who can not only provide free service but much more storage and additional applications for free. Secondly from a purely business standpoint our auditors have noted doing so is not acceptable business practice. With limited resources we must focus all our efforts to supporting students and active faculty and staff, extending the email option to former staff is a nice courtesy but creates additional work and cost we cannot afford. If you have any questions I would be happy to answer them.

Suggestion:

Department: Chemistry
Description: Communications/postings/flyers
Suggestion: I would like to see (it may possibly already be out there) a policy for the flyers. I'm getting mixed information from one of the colleges and the Student Life Department on this subject. It may be a good idea to gov over the policy campus wide. Thanks so much
Date: 11/13/2013

Response/Resolution:

There is no standard policy for hanging flyers/posters around campus. Student Affairs does have a policy for student activity postings through the Student Development Office. We have not been able to find a policy for Academic Affairs and its buildings. Some buildings decide on what can/cannot be posted. We would like to see a campus wide policy instituted for clarity. There are many details to consider.

Suggestion:

Department: Center for Faith and Learning, Office for Mission & Ministry
Description: University Calendar suggestion
Suggestion: Currently the University Calendar is divided into two sections. There is one "highlighted" section which runs chronologically. Then there is a second chronological listing of "unhighlighted" events. Please make one chronological calendar. Please call these events “registered” or simply have no designation, so all the events are chronological, easier to reference and the pejorative connotation of offering an un-highlighted”event is removed.

One Chronological University Calendar is:
• Easier to reference
• Easier to implement
• More fair

Response/Resolution:

The internal software was changed to not allow any item to be highlighted. All events will have the same importance. There will be no priority shown for any event on the calendar.

Suggestion: I was asked if the Academic Calendar could automatically be added to the Outlook Calendar. It would be helpful to have the class dates, start, end, reading days, fall and spring break, beginning of summer courses, graduation, etc. It would be helpful to have options to also download holidays. Thank you.
Date: 09/25/2013
Response/Resolution: Unit built a Shared Calendar named Villanova Staff Calendar and provided instructions for individuals wishing to add it to Outlook. Dissemination pending.
