“And take a look at yourself too! Never be satisfied with what you already are, if you want to be what you are not yet. For where you have become pleased with yourself, there you will remain. But if you say, ‘That is enough’, then you are finished. Always do more. Always keep moving. Always go forward. Do not get stuck. Do not go back. Do not get lost.” St. Augustine, Sermon 169.18

MISSION

Villanova’s Mission Statement speaks to the development of the whole person: intellectually, emotionally, spiritually, culturally, socially, and physically. It is through participation in student activities that these goals are met. Understanding that our role is both developmental and complementary, we believe that a student’s academic interests should assume highest priority in his or her life at Villanova. Participation in student activities is contingent upon proven success in one’s academic pursuits.
We further believe that student leadership, supported by a dedicated professional staff and interested faculty is the key to a successful co-curricular program. Consequently, Villanova is dedicated to providing frequent opportunities for students to assume vital leadership positions and to guiding and developing the potential of Villanova students.

_Student Life Mission Statement_

To provide programs, activities, and services that advance the involvement of students - intellectually, emotionally, spiritually, culturally, and physically - within a learning community committed to Catholic values and the spirit of St. Augustine.

_Core Values of the Student Life Staff_

In accordance with its Mission, the Student Life staff believes that:

- Helping students connect their experiences in the classroom to their lives in the community is at the heart of what we do.
- Mutual love, respect, and compassion should guide all interactions.
- Social justice and service are core values of a Villanova education.
- Villanovans are stewards of the community and are called to a spirit of selflessness to promote the common good.
- Personal growth is an on-going process through which students develop values, faith, autonomy, identity, and emotional stability.
- Student development is enhanced by collaboration among faculty, staff, students, and parents.
- Each person teaches others and learns from others.
- Individuals are responsible for their behavior and accountable to each other and to the community.

_Student Involvement Mission Statement_

The Office of Student Involvement enriches the student collegiate experience and serves the campus community through the active involvement of students, faculty, and staff in quality programs and organizations. Dedicated to the Augustinian mission of the University, the Office of Student Involvement seeks to foster the growth of the total person, one who builds community, values differences, leads ethically, and serves others. The office also provides a variety of services, programs, and activities which enhance campus life.

**STUDENT GOVERNMENT ASSOCIATION**

The Villanova University Student Government Association shall represent the interests of the undergraduate student body in all matters. To do so, the Student Government Association shall:

- Act, in a manner consistent with the University’s Mission Statement, as the official representative entity of the student body in order to give voice to the students in all aspects of the life of Villanova University;
- Advise the Division of Student Life on the governance of student organizations and work in support of those organizations to achieve their stated goals and objectives;
• Promote unity of purpose and action among the students while protecting individual student rights;
• Promote, in concert with the Board of Trustees, administration, faculty, and staff, the best interests of the undergraduate students of Villanova University.
Chapter 1: Student Organization Overview, Registration, and Maintenance

WHAT IS A STUDENT ORGANIZATION?
Villanova University has over 250 registered student organizations and new organizations form each year. A student organization is defined as a group of currently enrolled, full-time undergraduate Villanova University students who convene to promote a common interest, and is registered by the Office of Student Involvement. They may include other members of the University community such as alumni, faculty, staff, and administrators as associate members. Only currently enrolled undergraduate students can serve as officers or vote on organizational matters. Student organizations are student-initiated and student-run. Joining a student organization is a great way to enrich your college experience while meeting new people and gaining leadership skills.

STUDENT ORGANIZATION REGISTRATION
At the start of each academic year, every previously existing student organization re-registers with the Office of Student Involvement. All student organizations registered for the previous academic year will receive a notification about the Budget Summit Meeting in September. At least one representative of every continuing student organization must attend. Each existing club that has not completed its re-registration by the deadline must file a new student organization petition with the Office of Student Involvement in 214 Dougherty Hall.

Registered Student Organizations Privileges and Expectations
Student organizations that have registered with the Office of Student Involvement are entitled to the following benefits provided by the University:

- Authorization to reserve University space, services, or equipment.
- Eligibility to provide information to Villanova University’s student body through tabling at designated locations and / or flyers posted in designated locations.
- Eligibility to seek funding through the Office of Student Involvement.

New Student Organization Requests
Students interested in creating a new student organization can submit a completed New Student Organization Petition found in the Appendix, in 214 Dougherty Hall, or online at villanova.edu/studentorgs to the Office of Student Involvement. Pending approval from the Office of
Student Involvement, students will be asked to submit an organization constitution and bylaws. See the Appendix for an example of an organization constitution and bylaws.

**STUDENT ORGANIZATION ADVISOR**

In order to retain recognition as a student organization, each student organization must have an active advisor.

**Selection of an Advisor**

- The advisor must be a member of the Villanova University community. A full-time faculty member, administrator, or staff member of the university must serve as an organizational advisor.
- Selection of an advisor is through the mutual consent of the student organization, the proposed advisor, and the Office of Student Involvement. A list of duties and responsibilities should be presented to the Advisor for review.
- The advisor and the organization should jointly and periodically review the advisor’s performance and mutually agree to the advisor’s continuance in that position.
- Advisor status is contingent upon mutual agreement between the organization and the Advisor. If students should wish to change the Advisor, they should contact the Office of
Student Involvement. A meeting among the current Advisor, leadership team, and Student Involvement will be set up to assist in the process and transition.

Advisor Expectations

Specific functions of the advisor are listed below. Individual organizations may expand upon these through their constitutions.

- The advisor should be aware of the organization’s meetings and activities. He/she need not attend all of these activities but a frequent visit is appropriate.
- The advisor should meet with the executive committee of the organization a minimum of once per month during the academic year. Executive committee meetings are ideal for establishing a meaningful working relationship.

- The advisor must be registered as the Faculty/Staff Advisor on villanova.edu/studentorgs, giving them access to a complete officer and membership list with addresses and phone numbers.

- The advisor should be aware of the student organization’s financial status, spending and account balances.
- The advisor may assist the students in adding the role of the Advisor to the Constitution and Bylaws. This should include the selection process that the student leadership team will use to select their Advisor.
- The advisor MUST be present at:

  - Any outdoor event held on campus.
  - Any event that is more than 300 miles away from campus.
  - Any event while non-Villanova students will be present.

- The advisor is encouraged to discuss the annual report that is filed each Spring Semester with the Office of Student Involvement.
- Approve and submit newswire posts.
  - Log into MyNova and on the “Home” tab and see the “Links” section on the left hand side. In the “Important” tab scroll down to the Newswire Submission forms section to click on the “Wildcat Newswire” link.
- The advisor should direct students to the Office of Student Involvement – 214 Dougherty Hall to approve all tee-shirt designs, flyers and fundraising events.
- The advisor should attend the Advisors’ Meetings held in September and February.
• The advisor should be in contact with the Office of Student Involvement with any concerns or questions.
• Advisors should assist students with leadership transition from year to year.

Advisors are NOT expected to:

• Attend ALL events and meetings.
• Lead meetings.
• Dictate use of funds.
• Use personal credit card/money.
• Plan events for student organizations.
• Sign any contracts/agreements on behalf of the university.
• Submit or complete budget request, registrations or final report.
• Serve as the Primary Contact on the student organization webpage.

Advisor Concerns
In the event that your group is not satisfied with the level of support from the organization’s advisor, or the Advisor has concerns about the student leadership, please set up a meeting with the Director of Student Involvement, whose office is in 217 Dougherty Hall.

Advisor Liability Coverage
The university views the role of student organization advisor as part of an employee’s normal work and thus extends liability insurance coverage to any member of the university community so engaged and behaving appropriately. It is clearly wise however, for anyone involved in this type of work to exercise what the courts have described as “reasonable judgment” in the conduct of their responsibilities.
Chapter 2: Student Organization Financing

FINANCING STUDENT ORGANIZATIONS

All recognized student organizations must conduct their financial business through the Office of Student Involvement. As a service to all organizations, the Office of Student Involvement assists in maintaining the balances for each student organization account. The office established accounts (3 account and 9 account) for each recognized student organization. Student organizations, with the exception of fraternities and sororities may not hold bank accounts outside of the University. Any group having such an account will be in provisional standing until the closing statement and the remaining funds are presented to the Office of Student Involvement. Account balances for these student organizations can be done bi-weekly by visiting 214 Dougherty Hall. Student organization money is available for student organizations with the following standards:

- All income that is generated (for example, through dues or fund raising events) must be deposited in the established student organization account on the same day it is collected. Bring collected money to 217 Dougherty Hall.
- All bills will be paid with money withdrawn from the established student organization account.
- Funds may not be used to only support programs such as social activities, banquets, dinners/dining off-campus, purchasing of t-shirts, etc.
  - Organizations may fundraise to support the above mentioned or other related activities.
- University funds may not be used to support the following student organization activities:
  - Appropriation to any partisan, political activity or for the support of the political campaign of any candidate for public office.
  - Appropriation to a legislative body or to a registered student organization whose primary purpose is to influence legislation.
  - Contributions to organizations or activities which discriminate on the basis of race, ethnicity, religion, gender, age, ability, sexual orientation, or national origin.
  - Hiring of legal services, paying legal fines or providing bail bond funds.
  - Appropriation for personal non-contractual gain of any student, faculty member, or other person.
  - Grants-in-aid, scholarships, salaries, wages, loans or other such personal compensations to organizational officers or appointed or elected members.
  - Excessive dining off-campus.

BUDGET ALLOCATIONS

Funds allocated to student organizations do not carry over from year to year. Monies that have been raised by student organizations (through dues or fundraising efforts that are deposited into the student organization 9 account) do carry over from year to year. In order for an organization to obtain a budget for the academic year from the Office of Student Involvement, student organizations must:

- Re-register their student organization between April 15th and Commencement.
• Complete the Budget Request for Student Organizations which is available from June 1st through July 31st.
• Send a representative to the Budget Summit in September of the Fall semester and the Transitional Student Leaders Conference in the Spring semester.

The Office of Student Involvement will review the Budget Request and assign allocated funding after the Involvement Fair in the Fall Semester. This money should be used for specific programs as detailed in the submitted budget proposal. Organizations which request funds for a particular program or purpose and do not use these funds for their intended purpose may lose some or all of their university allocation.

NOVA NIGHTS PROGRAMMING REQUESTS
Nova Nights provides a free or low cost entertainment setting for those looking to have fun on Friday nights. Nova Nights include programs like live bands, comedians, poets, novelty acts and more! Grant applications are due by the end of the semester to apply to the following semester.

FUNDRAISING
Student organizations may sell approved materials related to the purpose of those organizations, may collect dues, initiation fees, donations, and admission charges at locations approved by the Office of Student Involvement and at organizational meetings. Funds raised by recognized student organizations may be used in any manner that is consistent with the purposes of those organizations. Fundraisers scheduled to occur during Orientation, Special Olympics Weekend, Parents’ Weekend, or Commencement will not be approved. Permission from the Office of Student Involvement is required for any student, group of students or student organization to solicit funds or sponsorship from anyone outside the University, including, but not limited to, alumni, parents and off-campus businesses. All requests for mailing labels for fundraising purposes must be expressly approved by the Office of Student Involvement. Such funds are subject to local, state, and federal laws and to financial accountability to the Office of Student Involvement.

In order to have fundraising events, student organizations must:
• Be approved by the Office of Student Involvement using the online event form: villanova.edu/studentorgs. Students will receive an email from the Office of Student Involvement confirming approval of the fundraiser. (Note: Students still must complete the space request form online separately after receiving event approval from the Office of Student Involvement).
• All items to be sold for fundraising purposes must be approved, prior to their being ordered, by the Office of Student Involvement.
• All fundraising events should be scheduled at least two weeks in advance with the Office of Student Involvement.
• No organization may sell items or sponsor fundraisers in the residence halls, study lounges, dining halls, etc., or disturb or interrupt the conduct of classes. Limited permission for
fundraisers in the residence halls may be granted at the discretion of the Director of Residence Life.

- All monies raised through approved fundraising activities must be deposited immediately in that organization’s account with the Office of Student Involvement - 217 Dougherty Hall.

**BILLING AND PURCHASING**

The following is a non-exhaustive list of purchases the Office of Student Involvement will not approve: alcohol, drugs, personal items, Zipcar fees, legal services, and political contributions.

- All expenditures in excess of $100 should be included in their initial budget request as a “need” and approved in advance by the Office Student Involvement prior to purchase. Once expenditures are approved bills/invoices must be sent to the Office of Student Involvement for payment. Expenditures not included in the initial budget request will be reviewed on a case by case basis.
- Buying equipment, ordering buses, hiring entertainment, etc., must be approved by the Office of Student Involvement before final arrangements.
- Reimbursements will be issued to students/advisors after purchase requests have been approved. Reimbursements totaling up to $100 will be granted in cash by completing the Reimbursement Request Form with the original receipts attached, available in 214 Dougherty and online at villanova.edu/studentorgs (See Appendix for example). For reimbursements over $100, please stop by Dougherty 214 for further instruction. Please allow 3-5 business days for reimbursements totaling up to $100 and 2 weeks for reimbursements over $100.
- Cash advances for registered student organizations, which are generally only used for travel expenses, will be processed through the Office of Student Involvement. In order to receive a cash advance, an organization must file the appropriate paperwork with the Office of Student Involvement at least ten days prior to the date on which the money is needed
  - Cash advances can only be taken out in the name of a University faculty or staff member.
  - Only one cash advance can be outstanding at a time. To clear a cash advance, receipts and any remaining money must be turned into the Office of Student Involvement.
  - Any cash advances not returned or cleared within a reasonable time period will result in the outstanding cash being billed to the person responsible for the advance.

**VILLANOVA UNIVERSITY SPEAKER POLICY**

As a Catholic institution Villanova University welcomes all who seek to discern the fundamental goodness of creation in any field of study. It recognizes that Catholicism is open to all truth and every value and greets reason as faith’s good friend. In order to pursue these values the University has established a Procedure for Recognized Student Organizations Proposing to Invite Speakers. This Procedure provides the process for implementing the principles of mutual respect, intellectual rigor and moral integrity that inform all constructive dialogue within the academic setting. These are the conditions under which Villanova University, through its recognized student groups, extends its hospitality to guest speakers.

If the Vice President for Student Life or the
Director for Peace and Justice Education disapproves the organization’s proposal, then the speaker shall not be invited.

**STUDENT ORGANIZATION WEB PAGES**

As part of the process for becoming a recognized Villanova Student Organization, groups must register a web account on villanova.edu/studentorgs. For assistance with the web account, visit 214 Dougherty Hall.

The University’s website represents Villanova University to prospective students, alumni, the general public, and the on-campus community. To that end, its content and appearance should adhere to professional standards.

Student Involvement has contracted with CollegiateLink™ to provide internal and external webpages to student groups. This is the official webspace provided to student groups by the university. Groups are able to add their own pictures, content, etc.

Authors are solely responsible for the content of individual home pages. However, if the content or appearance violate the policy on the Student Code of Conduct, UNIT IT Policies, or any other University policy, the University reserves the right to remove the homepage from the server, discontinue the person’s account, and / or take such other action as may be necessary in its discretion.

**VILLANOVA CHALLENGE COURSE**

The Villanova Challenge Course offers student organizations a unique opportunity to develop leadership skills through hands-on team-building exercises. The on-campus course consists of a series of direct experiences including group activities, group problems to solve and a unique series of mental and physical challenges. The Challenge Course Programs train students in team skills, leadership, confidence, and personal and interpersonal effectiveness. Challenge Course programs are one of the important ways that Villanova University accomplishes its mission of helping students become self-confident, responsible individuals prepared to live a purposeful life. Among the many benefits of Challenge Course programs:

- Build life skills in cooperation, communication, and leadership.
- Raise appreciation and respect for differences within the group.
- Develop abilities in group decision-making and problem solving.
- Raise self-esteem and foster confidence.
- Allow for the practice of new skills, with feedback.
- Develop respect for others’ opinions in discussion.

Student organizations may receive a free 2-hour team building session if booked for a time between Monday-Friday during business hours. If you are interested in finding out more about the Villanova Challenge Course and its programs, please contact Steve Koch at 610.510.4214 or at stephen.koch@villanova.edu.
STUDENT PUBLICATION POLICY
Guidelines for Publications by Students and Other Student Media Expression

Preamble

*The University:*

Central to a university is the conception, sharing and promulgation of ideas and information. Education of this nature flourishes in an environment of free expression where the institutional community dialogues with itself and other parties outside the university. In a Catholic university, this discourse must always be respectful and charitable.

*The purpose of media at the university:*

Discourse of ideas and information is realized in countless forms of media such as publications, and radio, television or internet broadcasts. Likewise, within each of these media, are countless outlets for further expansion of a particular discourse - advertisements, cartoons, comics, and humor segments. It is the obligation of each medium to aid the institution and its constituents in promoting discourse and advancing the exchange of ideas and information. Each medium allows members of the institution the opportunity for self-reflection and criticism, an openness to opposing perspectives, as well as a window for further development. In expanding viewpoints and perspectives rather than limiting them, an environment of free expression with numerous media approaches the institution’s goal of the pursuit of truth.

*The uniqueness of a Catholic university:*

John Paul II’s *Ex Corde Ecclesiae* states, “The source of [a Catholic university’s] unity springs from a common dedication to the truth, a common vision of dignity of the human person, and ultimately the person and message of Jesus Christ, which gives the institution its distinctive character.”

*Policy*

- All publications must conform to the standards articulated in the Preamble and Policy stated herein
  
  All state and federal laws that are applicable to publications or expression by any institutions or by individuals are also applicable to Villanova University. Fraudulent, obscene or libelous publications or expression may expose the University to civil or criminal liability. Accordingly, every possible effort must be made to avoid such expression. Publications or expression that include unlawful activity or activity that endangers or imminently threatens to endanger the safety of any member of the community or of any of the community’s physical facilities, or any activity that disrupts or obstructs the functions of the University or imminently threatens such disruption or obstruction, are inappropriate. Likewise, publications or expression that are indecent, obscene, or offensive on matters such as race, ethnicity, religion, gender or sexual orientation, are inappropriate in the Villanova community.

- Values and standards enhance greater discourse
In accord with the missions of both a university in general and a Catholic university in particular, the pursuit of truth through open dialogue and exchange of ideas and information is contingent upon certain media standards. Villanova University welcomes all who wish to engage in dialogue focused on broadening perspectives and sharing viewpoints that lead to greater understanding. In turn, the University expects its publications, broadcast venues, and any other form of medium to approach discourse with mutual respect, intellectual rigor, moral integrity, and accepted standards in journalism. An accurate and honest dialogue must ensue while the parties involved maintain a commitment to the community of Villanova University, its mission and its Catholic heritage.

Complaint Procedures

- Any member of the University community may lodge a complaint against a student publication, student organization, or individual when the complaining organization or individual reasonably asserts that the terms or spirit of this policy have been violated. Complaints arising under this policy should be submitted to the Director of Student Development who will forward complaint(s) to the Vice President for Student Life when appropriate. The Vice President for Student Life will convene the Publications Advisory Board as defined below. The Vice President for Student Life will ultimately determine whether this policy has been violated and the consequences for any such violation.

- In the event of a complaint under this policy, the Vice President for Student Life will convene the Publications Advisory Board, which shall be an advisory board. The duty of the Publications Advisory Board will be to advise the Vice President concerning the allegations made under this policy.

- The Publications Advisory Board will be comprised of the following:
  
  - 3 student members
  - 2 faculty members
  - 2 administrators

The Vice President, may also include on the Board an expert from the field. The Vice President for Student Life will designate the Chair of the Board.

Chapter 5: Student Organization Community Standards

Student organizations, their officers, and members may be held collectively or individually responsible for violations of the Code of Student Conduct or the specific regulations governing student organizations. While group membership shall not serve to release an individual from personal responsibility, collective group responsibility may be found for some violations committed by individual group members at the University’s discretion. Please see the Code of Student Conduct in the Student Handbook for more information.

COMMUNITY STANDARDS FOR STUDENT ORGANIZATIONS

Student organizations, their leaders, and members are called to exemplify the values of our Augustinian community. As such, any violation of this manual or the Code of Student Conduct is taken very seriously, and both the individuals involved and the student organization may be held accountable for actions that violate these policies. In some instances, the Office of Student Involvement may deem it necessary to review an organization’s recognized status, operations, and procedures. When matters in question arise, the Office of Student Involvement may notify the advisor, as appropriate. Villanova University reserves the right to take actions it deems appropriate with respect to actions or activities undertaken by any student organization. Student organizations found in violation of the policies in this manual or the Code of Student Conduct shall be considered for Organizational Probation, Organizational Suspension, and/or Loss of Recognition, among other outcomes. The decision for administrative outcomes against an organization shall be made by the Director of Student Involvement or his/her designee (here and afterwards referred to as “Director”). Additional information related to student organization disciplinary action is located in the Villanova University Student Handbook.

In cases where a student organization and/or its members behave in a manner unbecoming of a Villanova student and/or in violation of student organization or University policies, the Office of Student Involvement may render an outcome including but not limited to additional required trainings, community service, loss of social events, Organizational Probation, Organizational Suspension, and/or Loss of Recognition, among other possible measures. In some cases, the Office of Student Involvement may consult with students, faculty, or University officials in determining outcomes.

When a student organization may be in violation of a University policy found in this Student Organization Manual or the Code of Student Conduct, the student organization may be referred to an administrative process, or other University processes as determined by the Director. During an administrative process, the student organization will be represented by the current president or equivalent of the organization. At any time, the Dean of Students Office may also pursue disciplinary action under the Code of Student Conduct separate and in addition to the process rendered by the Office of Student Involvement. The Director will review the violation in question with the student organization president and additional student organization leaders as appropriate. The matter will be reviewed in a manner chosen by the Director to ensure fairness to all involved. As part of the process, an investigation at the discretion of the Office of Student Involvement in collaboration with University partners, may take place. After reviewing the violation(s) in question, if a student
organization denies responsibility or the facts of the matter are in question, the Director may issue a finding or call a Community Standards Panel (here and after referred to as “panel”) to review the matter and render a decision on responsibility. The Director will follow the same general guidelines and preponderance of evidence as the panel. The panel will include three committee members: two Student Life staff and / or faculty members, and a current Villanova student. Any complaint referred to a panel will be heard in a timely manner. During the panel, the student organization will have an opportunity to present relevant information related to the violation(s) in question. The panel will ask questions in an effort to gain a full understanding of facts surrounding the matter. Before the panel concludes, the student organization may offer final comments to the panel. Subsequently, and in private, the panel will determine if the student organization is responsible for the violation(s) in question. Finding of responsibility will be determined by the preponderance of evidence and by a majority vote. The panel will communicate this decision to the Director, who will then render an appropriate outcome.

In cases where student organizations receive Organizational Suspension or Loss of Recognition, student organizations have the right to appeal on the grounds of disproportionate outcome. Other outcomes are not subject to review. The Vice President for Student Life will review the appeal from the student organization president. A letter must be sent by the student organization president to the Vice President for Student Life no later than 10 days after the outcome was given to the student organization. The letter must include the name of the student organization, rationale for the appeal, and any documentation that supports the organization’s appeal. Any outcomes assigned to the student organization will remain in effect through the appeal process. After review, the Vice President of Student Life will issue a decision which will be final and binding.

**STUDENT ORGANIZATION OUTCOMES FOR VIOLATIONS OF UNIVERSITY POLICIES**

Student organizations must be in good standing to fully receive the privileges of a registered student organization. Student organizations in good standing must adhere to all University and Student Involvement policies contained within the Student Handbook and within this Student Organization Manual, must meet all criteria for maintaining status as a registered student organization as outlined in this Student Organization Manual, and must adhere to all federal, state, and local laws. As members of a Catholic and Augustinian University, each Villanovan is responsible for creating a community where mutual love and respect for individual differences guide our community life. Maintaining these community ideals is the responsibility of every member of the University community. Students, staff and faculty should, through their behavior, reinforce the ideals and encourage all members of the community to do likewise.

- Villanova University is a welcoming community, where in the spirit of Augustine, each member greets guests warmly and acknowledges each other as colleagues engaged in mutual service to our students and their parents. Respect for all is powerfully affirmed.
- Villanova University is an educationally purposeful community which acknowledges learning should be a primary goal of every activity and interaction. Villanova University believes each member of our community both teaches and learns from every other. It is in this unifying context that Villanovans must approach each other. Teaching and learning in this Catholic-Christian environment are paramount.
• Villanova University is a selfless community, a place where individuals acknowledge and accept their responsibility to sacrifice self-interest for the common good, and where the universal values of integrity, compassion, and humility guide decision making at every level of the institution.
• Villanova University is a just community, a place where the sacredness of each person is honored, where favoritism, bigotry, and discrimination are categorically rejected.
• Villanova University is a caring community, a place where the well-being of each member is sensitively supported, where service to others is strongly encouraged.
• Villanova University is a celebrative community, which affirms the Catholic, Augustinian charism and our collegiate tradition.

Failure to adhere to all University polices found in this Student Organization Manual as well as the Student Handbook may result in the Student Organization facing outcomes at the discretion of the Office of Student Involvement and, when applicable, in collaboration with other University partners.

Outcomes are assigned by the Office of Student Involvement if a student organization is responsible for a violation of University policy, as outlined by the processes set forth in this manual. At any time, the Dean of Students Office may also issue disciplinary sanctions to individuals or the organization as a whole, as outlined in the Code of Student Conduct. The Office of Student Involvement can assign one or more of the following outcomes, in addition to other conditions that student organizations must comply with.

Organizational Warning
An Organizational Warning is a notice acknowledging that a policy has been violated, and further non-compliance may result in more severe outcomes. Warnings are typically assigned for minor, first-time violations that do not have a significant impact on the organization or the University.

Educational Outcomes
Educational outcomes include trainings, workshops, seminars, and other programs designed to be educational in nature. Educational outcomes may be assigned in conjunction with or in lieu of another outcome.

Required Service
Service projects or service hours may be assigned to a student organization if it is deemed that such an assignment would have the most impact on the organization. Required service may be assigned in conjunction with or in lieu of another outcome.

Restitution
Financial restitution may be required for a number of reasons, including but not limited to if an organization causes damage to office, a room it reserved, or other University property.

Organizational Probation
Organizational Probation is typically assigned when a policy of a more serious nature has been violated or when minor policies have been violated more than once. Organizational Probation is for a specified period of time and further violations committed by an organization while on Organizational Probation will result in more severe outcomes, including but not limited to Organizational
Suspension or Loss of Recognition. Additionally, the Office of Student Involvement may require additional conditions be met during or after the period of Organizational Probation.

**Loss of Privileges**

Loss of Privileges includes the loss of one or more privileges of being a recognized student organization. This outcome is generally for a specified period of time. Examples of privileges that can be lost include, but are not limited to, access to the Student Organization's financial account, access to the organization's web space, the ability to reserve rooms on campus, the ability to apply for funding from the Office of Student Involvement, fundraising activities, social events, access to office space, among others.

**Organizational Suspension**

Organizational Suspension is when a student organization is deactivated for a specified period of time. This outcome is assigned when major violations of policy occur that have a significant impact on the organization and the University. During the period of Organizational Suspension, an organization may not operate in any way. Additionally, the Office of Student Involvement may require conditions be met in order for an organization to return to active status after an Organizational Suspension.

**Loss of Recognition**

This outcome is typically assigned in the most serious violations that have a significant impact on the University, the organization, and the organization's members. This outcome can also be issued when an organization continually violates policies. Student organizations that have lost recognition may not organize or sponsor any event or activity that promotes, or gives the impression or appearance that they are an operating organization. This includes, but is not limited to, advertising, posting, publishing, soliciting, recruiting and/or welcoming new members, and fundraising or assembly on campus. Such activities will be viewed as violations of University policies, and those students engaging in this activity will be held accountable.

**EXCEPTIONAL CIRCUMSTANCES**

In exceptional circumstances, the Office of Student Involvement may become aware of an organization whose continued participation within the University community may pose a risk to the students or others, or may pose a pending risk of disruption to normal campus operations. If the Director of Student Involvement reasonably believes such a threat is posed, a Cease and Desist Order may be issued until such time that the University can carry out the processes outlined in this Manual to determine what, if any, final outcomes will be assigned.

Notification of a Cease and Desist will be sent to the student organization president and advisor. The notification will include information regarding the alleged behavior that provided the rationale for the interim action. A Cease and Desist Order is where, until further notice, the organization is not permitted to operate in any way. The student organization may not organize or sponsor any event or activity that promotes, or gives the impression or appearance that they are an operating organization at Villanova University. This includes, but is not limited to, advertising, posting, publishing, soliciting,
recruiting, new member education, fundraising, or assembly. Such activities will be viewed as violations of University policy, and those students engaging in such activity will be held accountable.

ACADEMIC AND DISCIPLINARY STANDING
Students may participate in student organizations only if they are in good academic and disciplinary standing, as determined by the student’s academic college, the Dean of Students Office and / or the Office of Student Involvement. Good academic standing is defined in the Villanova University Catalog and good disciplinary standing is defined in The Student Handbook. It is generally recommended that executive officers maintain a GPA above a 2.75 and general members above a 2.5. The Office of Student Involvement welcomes the opportunity to work with advisors in making decisions that are in the best interest of students who are at risk academically.

Preamble

The University:
Central to a university is the conception, sharing and promulgation of ideas and information. Education of this nature flourishes in an environment of free expression where the institutional community dialogues with itself and other parties outside the university. In a Catholic university, this discourse must always be respectful and charitable.

The purpose of media at the university:
Discourse of ideas and information is realized in countless forms of media such as publications, and radio, television or internet broadcasts. Likewise, within each of these media, are countless outlets for further expansion of a particular discourse - advertisements, cartoons, comics, and humor segments. It is the obligation of each medium to aid the institution and its constituents in promoting discourse and advancing the exchange of ideas and information. Each medium allows members of the institution the opportunity for self-reflection and criticism, an openness to opposing perspectives, as well as a window for further involvement. In expanding viewpoints and perspectives rather than limiting them, an environment of free expression with numerous media approaches the institution’s goal of the pursuit of truth.

The uniqueness of a Catholic university:
John Paul II’s Ex Corde Ecclesiae states, “The source of [a Catholic university’s] unity springs from a common dedication to the truth, a common vision of dignity of the human person, and ultimately the person and message of Jesus Christ, which gives the institution its distinctive character.”

Policy

1. All publications must conform to the standards articulated in the Preamble and Policy stated herein

All state and federal laws that are applicable to publications or expression by any institutions or by individuals are also applicable to Villanova University. Fraudulent, obscene or libelous publications or expression may expose the University to civil or criminal liability. Accordingly, every possible effort must be made to avoid such expression. Publications or expression that include unlawful activity or activity that endangers or imminently threatens to endanger the safety of any member of the community or of any of the community’s physical facilities, or
any activity that disrupts or obstructs the functions of the University or imminently threatens such disruption or obstruction, are inappropriate. Likewise, publications or expression that are indecent, obscene, or offensive on matters such as race, ethnicity, religion, gender or sexual orientation, are inappropriate in the Villanova community.

2. Values and standards enhance greater discourse

In accord with the missions of both a university in general and a Catholic university in particular, the pursuit of truth through open dialogue and exchange of ideas and information is contingent upon certain media standards. Villanova University welcomes all who wish to engage in dialogue focused on broadening perspectives and sharing viewpoints that lead to greater understanding. In turn, the University expects its publications, broadcast venues, and any other form of medium to approach discourse with mutual respect, intellectual rigor, moral integrity, and accepted standards in journalism. An accurate and honest dialogue must ensue while the parties involved maintain a commitment to the community of Villanova University, its mission and its Catholic heritage.

Complaint Procedures

1. Any member of the University community may lodge a complaint against a student publication, student organization, or individual when the complaining organization or individual reasonably asserts that the terms or spirit of this policy have been violated. Complaints arising under this policy should be submitted to the Director of Student Involvement who will forward complaint(s) to the Vice President for Student Life when appropriate. The Vice President for Student Life will convene the Publications Advisory Board as defined below. The Vice President for Student Life will ultimately determine whether this policy has been violated and the consequences for any such violation.

2. In the event of a complaint under this policy, the Vice President for Student Life will convene the Publications Advisory Board, which shall be an advisory board. The duty of the Publications Advisory Board will be to advise the Vice President concerning the allegations made under this policy.

3. The Publications Advisory Board will be comprised of the following:
   - 3 student members
   - 2 faculty members
   - 2 administrators
The Vice President, may also include on the Board an expert from the field. The Vice President for Student Life will designate the Chair of the Board.

4. The Publications Advisory Board shall meet at its earliest opportunity after being convened by the Vice President and no later than two weeks after being convened (unless approved by the Vice President for Student Life).

5. The board shall gather information from any relevant sources as appropriate in order to understand fully all of the facts and circumstances surrounding the allegations related to the publication or expression, including but not limited to hearing from both the complaining party as well as the “offending” party or parties.

6. After gathering information, the board will vote on whether this policy has been violated. A majority vote of the entire board will suffice to determine the recommendation of the Board. In the event the Publications Advisory Board finds a violation, the board will then make a recommendation to the Vice President for Student Life for appropriate action.

7. Upon receiving the recommendation of the board, the Vice President shall decide whether the publication or other media expression violated this policy. In the event the Vice President finds that a violation did occur, the Vice President shall take appropriate action. The Vice President is not required to follow the recommendation of the board.

8. No appeal is available.
Did you know? Catholic Social Teaching calls us, as consumers, to respect the dignity of work and rights of workers. Yet, a majority of apparel companies exploit workers by using sweatshops, which are factories where workers face low wages and reprehensible working conditions. Here’s what you can do!

Conduct research in order to be more ethically conscious about your purchases. For now, order sweatshop-free shirts for your club! Ask our list of preferred vendors how!

Guidelines for the Administration of the Trademarks and Licensing Program

Visual Identity

The Villanova University visual identity is the primary identifier of the University in all communications and should inform all print and electronic pieces for both internal and external audiences. Using a clear, consistent visual identity for Villanova will promote awareness and recognition of the University across all audiences.

The visual identity encompasses three elements:

1) A graphic design
2) Typography
3) University-approved color

Examples of communication vehicles include, but are not limited to, magazines, newsletters, brochures; stationery; banners and signage; electronic and print invitations and electronic and print ads. In each of these instances the designed piece must possess the University’s visual identity.
University Logo Hierarchy

**Primary Marks**

The Villanova University Primary Marks each have two components: the University crest and the logotype (typeface). The word “University” has been carefully sized and letter-spaced underneath the word “Villanova.”

These two components are in a fixed relationship, and should not be altered, modified or repositioned in any way. The crest should not appear separately from the words Villanova University, but work as one unit to create the logo:
Secondary Mark

The Villanova University **Secondary Mark** is a standalone circular mark used primarily for merchandising such as embroidered clothing and other promotional ephemera. The circular mark may also be used in communication pieces where the primary mark does not work visually for the intended format:

![Secondary Mark Image]

Alternate Marks

The Villanova V with the words Villanova University is an **Alternate Mark**, available both stacked and sideways. This mark is less formal than the University’s primary and secondary marks and is intended for specific uses. For example, the Villanova V mark provides a clear, more bold visual representation of the University’s visual identity online than the traditional crest.

The Villanova V mark may be used in external marketing materials such as billboards, banners and transit advertising. The V mark may also be used in social media, on promotional items and for internal student activities.

When using the V mark every attempt should be made to allow for enough space to include the words Villanova University, however the V may also be used alone.

All requests to use the V in merchandising or retail must be made through the Collegiate Licensing Company (www.clc.com).

If you have questions about which mark is most appropriate, please contact the Creative Services department at 610-519-4275 or use the Logo Request form found on the University Communication web page.

Color

The University colors are blue and white, with Pantone 281 as our signature blue color. The University also uses a gold accent color for special events and announcements. Pantone 871 is our signature gold metallic, and Pantones 8003 and Warm Gray 6 are flat equivalent options.

The University also has a secondary color palette consisting of six hues that complement our signature colors. If colors outside of the primary colors are to be used we strongly suggest the use of the provided secondary palette.

Athletic Light Blue (Pantone 298) is a color specified for use with the Athletic logos and is to be used primarily with print material for the University’s Athletic Department. **When used, it can ONLY appear in 10% of any design.**

Creative Services can assist you with color questions concerning the secondary palette or the Athletic Light Blue. Please contact creatives@villanova.edu or telephone 610-519-4275.

**University Wordmark**

Every attempt should be made to allow for enough space to use the primary University marks, but in the event that the available space is so small that the crest would be unrecognizable (less than ½ inch), the words Villanova University can be used as a stand alone wordmark. On all
designed materials, the wordmark should appear as shown here. DO NOT re-type the words, but instead use the existing artwork to ensure consistency in font, size, and spacing.

If you have questions about which mark is most appropriate, please contact University Communication’s Creative Services department at creatives@villanova.edu or telephone 610-519-4275.

**Stationery**

The University’s stationery is available through Villanova’s iPrint portal, in the Nova Docs tab. Each stationery item—letterhead, #10 envelope, and business cards—has its own template for the user to customize for his or her needs. College, Department, Center and Institute, as well as individual names and titles are customizable fields in the templates.

**Ignite Change. Go Nova. Tagline**

When using the tagline on its own, please do not typeset (key in by hand), but use the existing artwork for the tagline to ensure consistency with font, punctuation, and registered trademark designation. For help on how to use the tagline in running text, please refer to the editorial style guidelines available at: https://www1.villanova.edu/villanova/unicommunication/styleguide.html.

IGNITE CHANGE. GO NOVA.

**Campaign to Ignite Change logo**

The University’s Comprehensive Campaign has its own mark which is used along with the Villanova logo on Campaign print and online materials. Guidelines for graphic style and editorial focused on the Comprehensive Campaign can be obtained by contacting University Communication’s Creative Services department at creatives@villanova.edu.
Unacceptable Uses of the Logo

Note: Use of the President's Seal is restricted to communication materials from the Office of the President only.

Creating Student Organization Merchandise

Students are encouraged to create customized merchandise for their student organizations. Interested students must first email an image file of the proposed design for approval to studentinvolvement@villanova.edu. Once approved, students may contact any of the following licensed vendors and proceed with the creation of the design:

Ampro Sports – Marty Marbach (mmarbach@amprosports.com)
Lime Sportswear – Nicole Villarose (nicole@limesportswear.net)
Play by Play Imprints – Jamie Braunwarth (playbyplayimprints@gmail.com)
Note: Student organizations can only purchase merchandise from licensed apparel vendors. Although student organizations are strongly encouraged to work with already licensed vendors, non-licensed vendors can pursue a license with CLC and Villanova by following the instructions on the following link: http://www.villanova.com/licensing/.
