The **Environmental Studies Minor** (formerly the Concentration) is an exciting interdisciplinary program dedicated to protecting environmental quality and achieving sustainable development. These issues continue to be priorities at the local, national, and international levels. Pollution control, preservation of air and water quality, maintenance of biodiversity, investigation of the links between human and environmental health, assessment, and analysis of the biogeochemical and political aspects of global warming, and evaluation and management of environmental resources and services are only some examples of the important work of environmental professionals.

If you have an interest in the environment, this minor is for you!

The Environmental Studies Minor is a flexible, multidisciplinary program that supports students with interests in science, engineering, business, philosophy, history, and may more programs.

**PROGRAM REQUIREMENTS:**

Five Courses

**CATEGORY A: ENV SCIENCE**

- GEV 1050 - Env
- GEV 1051 - Env Science II

*Both are required*

**CATEGORY B: NATURAL SCIENCES AND GEO TECHNIQUES**

- BIO 3255 - Introductory Ecology
- GEV 1500 - Physical Geography
- GEV 3795 - Air Photo Interpretation
- GEV 4700 - Geographic Info Systems
- GEV 3750 - Remote Sensing
- GEV 2310 - Environmental Chemistry

*Select one*

**CATEGORY C: POLICY AND MANAGEMENT**

- GEV 3580 - Resource Management
- GEV 3570 – Land Use Planning
- GEV 3550 – Natural Hazards
- PSC 2625 - Environmental Policy
- PSC 3800 - Environmental Law

*Select one*

**CATEGORY D: SOCIAL SCIENCES AND HUMANITIES**

- GEV 2510 - Political Geography
- GEV 2520 - Urban Geography
- GEV 22525 - Population Geography
- HIS 2276 - American Environmental Hist
- PHI 2430 - Eco-Feminism
- PJ 2200 - Caring for the Earth
- PHI 2121 – Environmental Ethics
- SOC 3750 - Human Populations
- PJ/THL 4600 – Global Peace and Justice

*Select one*
