Villanova MAC students are in great demand amongst the Big Four and regional accounting firms. MAC students participate in a lock-step professional development program (PDP), which consists of job search help, resume support, networking and other career management tools – and is focused on preparing MACs for Villanova’s On-Campus Recruiting Program (OCR).

The combination of our comprehensive curriculum, PDP, dedication of staff, and high caliber of students prepare MAC students to meet the real-world, real-time challenges of global business and the accounting industry.

MACs in job search program who received an offer through a school-facilitated source: 77%

Many MAC students take advantage of opportunities throughout the program to network with firms who come to campus and host recruitment events which can lead to multiple-touch-points with key recruiters and accounting executives.
