I chose to do SBI because any career has a business side, even nursing.

With my business minor, I can choose to go into hospital administration or healthcare management.

JULIANA DEGIOSA

SBI ’17, Nursing

The Business Minor I obtained through SBI allowed me to expand my horizons when searching for internship opportunities...

I am working alongside Business majors while using my unique perspective as a Communication major to contribute to the success of the company.

RYAN PUCCINO

SBI ’20, Communication

SBI has opened so many doors, both personally and professionally, that I would have never had access to if I didn’t trust my gut, and take the leap to apply for the program.

SBI granted me access to the VSB Mentor Program where I got to network with multiple professionals. One of these relationships led to my internship this past summer.

RYAN SULLIVAN

SBI ’20, Economics

SBI was one of, if not the best decision I made for myself at Villanova.

The doors it has opened for me both within Villanova itself, as well as externally in my professional career, could not be achieved through any other means. The relationships I have cultivated and the knowledge I have gained are facets of my education for which I truly could not be more grateful.
