A Villanova education is like our students themselves. Bold. Curious. Dynamic. Innovative. At Villanova University, our students are immersed in an educational experience that seeks knowledge through truth. They research and deliberate. They think on their feet and collaborate with renowned faculty on projects that have life-changing outcomes. They lead and create in countless ways. It’s this decidedly Augustinian Catholic intellectual tradition that elevates an education into a lifetime of learning.
A COMMUNITY OF LEARNERS

IGNITE CHANGE.
We believe learning is best done together. Surrounded by smart and driven people — just like you — you’ll challenge what you know and investigate what you don’t. You’ll live in residence halls designed to continue conversations started in the classroom, and venture with friends beyond Villanova’s campus to learn from the world around you. Fueled by acclaimed faculty, you’ll conduct cutting-edge research with peers, spearhead academic initiatives and form connections with alumni and industry leaders.

Our four undergraduate colleges—the College of Liberal Arts and Sciences, Villanova School of Business, College of Engineering and M. Louise Fitzpatrick College of Nursing—engage students’ interests but never wall them in, encouraging cross-disciplinary collaboration.
# Majors and Minors

## College of Liberal Arts and Sciences

### Bachelor of Arts
- Art History
- Classical Studies
- Communication
- Criminology
- Economics
- Education (Secondary)
- English
- Environmental Studies
- French and Francophone Studies
- Gender and Women’s Studies

QUESTIONS ABOUT THE MAJORS AND MINORS AVAILABLE THROUGH OUR FOUR UNDERGRADUATE COLLEGES? VISIT PROGRAMS.VILLANOVA.EDU TO USE OUR INTERACTIVE PROGRAM EXPLORER.
LIFE AT VILLANOVA
Villanova’s campus teems with joy, pride and companionship, and we’re all-in on living life to the fullest in our uniquely Villanovan way. Here, you’ll learn life is more than what you know—the experiences you’ll have here will form the foundation of who you are. Through our learning communities, our opportunities abroad, and our 260+ student-run organizations, you’ll discover what you love, what you want and what you stand for—and how it impacts the world around you.

You’ll use the skills you’ve learned in the classroom to serve others, building homes in Appalachia, caring for patients in Peru, bringing clean water to Madagascar. You’ll lead the nation’s largest student-run Special Olympics and organize the St. Thomas of Villanova Day of Service.

And you’ll become a part of the Nova Nation, working hard and playing hard to achieve successes big and small. Whether you play varsity, club or intramural sports, or cheer on the Wildcats from the stands, you’ll find the Nova Nation claims your heart for life.
When you become a Villanovan, you’re joining a network of 125,000+ alumni. With their collective support behind you—whether in the form of a mentorship during college years or recruiting you soon after graduation—you’ll soon come to understand the mantra, “Once a Wildcat, always a Wildcat.”
