

Dear \_\_\_\_\_,

In my career at \_\_\_\_\_, I constantly seek ways to become a more productive, innovative and impactful team member. As a firm believer in continuous learning, I've identified a valuable opportunity to elevate my skills through professional education. This aligns with my career growth goals and promises to strengthen my contributions to our organization's success.

The **Agile Lean Six Sigma Mastery: Continuous Improvement and Design Certificate**, offered by Villanova University's College of Professional Studies, is a 100% online, advanced-level program designed for experienced Lean Six Sigma professionals. This 18-week program includes Lean Six Sigma Black Belt, Agile for Continuous Improvement, and Design for Six Sigma (DFSS). Together, these courses provide a powerful combination of continuous improvement expertise, advanced project management capabilities, and innovative process design strategies.

Through this program, I will broaden my knowledge and practical skills in the following areas:

- Applying Agile project management to increase efficiency, adaptability, and collaboration in improvement initiatives
- Utilizing Design for Six Sigma (DFSS) to proactively design defect-free products, processes and services that meet customer needs from the outset
- Strengthening problem-solving and analytical approaches as a **Lean Six Sigma Black Belt**
- Integrating iterative, customer-focused methods to deliver higher-quality outcomes
- Driving both operational improvement and strategic innovation at the enterprise level

These skills will empower me to lead projects that not only enhance existing operations but also create new, user-centered solutions. Lean Six Sigma methodologies, combined with Agile and DFSS, have been proven to:

- Improve organizational agility by accelerating project delivery and responsiveness to change
- Deliver higher-quality new products and services through proactive design methods
- Increase customer/user satisfaction by aligning outputs with critical-to-quality requirements
- Reduce costs and inefficiencies while fostering innovation and long-term growth

**Investment:** I am requesting \_\_\_\_\_'s financial support to cover my program tuition. The **Agile Lean Six Sigma Mastery: Continuous Improvement and Design Certificate** program is 18 weeks long and costs \$\_\_\_\_\_.

**Return on Investment:** Once I have completed this certificate program, Villanova University will issue a certificate and micro-credential as a digital badge. These credentials will serve as a tangible and credible acknowledgment of my increased skill set, enhancing our organization's reputation for employing highly skilled professionals.

I appreciate your consideration of my request and look forward to discussing how this opportunity can benefit my professional growth and our organization's success.

Sincerely,

---
