WELCOME TO THE VILLANOVA UNIVERSITY HONORS PROGRAM!

Each year, our most academically talented and ambitious students enter the Honors Program. Students who enroll in this selective program can take Honors classes to fulfill many of their core and major requirements across all four Colleges at Villanova.

The University Honors Program focuses on the whole person--mind, body, and spirit. We support our students' pursuit of excellence in a warm and collegial community. Villanova Honors students value hard work, patience, honesty, rationality, curiosity, and learning. They are thinkers who do, treating their college years as a proving ground for leadership and success.

As a Global Scholar participating in the Independent Humanities Scholars Cohort:

- Become a member of a learning cohort as a living and learning community, in which Honors students take themed classes together and live in the Honors dorm on South Campus. The themed classes in the cohorts allow students to complete Core Requirements around subjects that interest them, and living in the Honors dorm promotes academic excellence and fellowship of like minded students.
- Engage in small, discussion-based seminars designed to provide you with an enriched academic experience and the highest level of personal attention.
- Study Abroad at Saint Andrews University, one of the premier research universities in the world. As Scotland's first university, Saint Andrews provides the perfect atmosphere for intellectual discovery and enrichment.
