Dear Faculty and Staff,

I am writing with a reminder that there are **two days** left to complete your required COVID-19 pre-arrival testing.

Faculty and staff who will physically be on campus at any point this semester and have not yet completed the testing MUST be tested Thursday or Friday. Walk-in testing is available from 8 a.m. to 3 p.m. at the Finneran Pavilion. Faculty and staff must bring their Wildcard.

PLEASE NOTE: If you have received the COVID-19 vaccine, you are still required to complete pre-return testing.

The ONLY exemptions to pre-return testing are:

- **Faculty and staff who have tested positive in the last 90 days (positive test result on or after October 22, 2020).** Individuals must notify their supervisor and provide documentation of the positive test via email to covidsurvey@villanova.edu. All documentation will be kept confidential.
- **Faculty and staff who will not be on campus AT ANY POINT during the Spring semester.**

As always, we appreciate your help in ensuring a healthy and safe return to campus for our employees and students.
