

PAY \$0 FOR SELECT SPECIALTY MEDICATIONS

Participate in the
SaveOnSP program

Specialty medications can cost a lot of money. That's why your plan offers a program called SaveOnSP, to lower your out-of-pocket costs to \$0.

Participate in SaveOnSP and save.

Over 300 specialty medications are eligible for the SaveOnSP program.¹ If you're filling an eligible medication, a representative from SaveOnSP will contact you to discuss the program.

You'll pay \$0 for your medication when you participate in SaveOnSP. If you choose not to participate, you'll pay a higher cost share when you fill your medication.

Conditions covered by SaveOnSP include, but are not limited to:

- Hepatitis C
- Multiple Sclerosis
- Psoriasis
- Inflammatory Bowel Disease
- Rheumatoid Arthritis
- Cancer

Here's an example of how it works.²

John's taking a specialty medication that's eligible for the SaveOnSP program. His copay is currently \$70. His new cost share will be \$1,150.

- **When he participates in SaveOnSP, he won't pay anything (\$0) out-of-pocket.** He will work with SaveOnSP to enroll with the applicable manufacturer copay assistance program.
- **If he decides not to participate in SaveOnSP, he'll pay his full cost share of \$1,150 out-of-pocket.**

In both of these examples, John's cost share wouldn't count toward his deductible or out-of-pocket maximum.

1. The drug classes and medications in this program are subject to change. Check your plan materials to see which medications are eligible for the SaveOnSP program.

2. For illustrative purposes only. Plans may vary.
