OCCUPATIONAL SAFETY AND HEALTH PROTECTION (Continued)

Employers now have a new system for tracking workplace injuries and illnesses. OSHA's new recordkeeping log (Form 300) is simpler to understand and use. Using a question and answer format, the revised recordkeeping rule provides guidance for recording occupational injuries and illnesses and explains how to classify specific cases. Smaller employers (10 or fewer employees) are exempt from most requirements. To see if your industry is partially exempt, visit the OSHA Website at www.osha.gov/recordkeeping/pub3169text.html.

Recordkeeping

All fatalities must be reported to VOSH within eight (8) hours. All injuries or illnesses that result in an in-patient hospitalization, amputation or loss of an eye must be reported to VOSH within twenty-four (24) hours. Failure to report may result in significant monetary penalties.
