Creating Permanent Links to Documents in Villanova Law Library’s HeinOnline Subscription

Note: Links to HeinOnline must be created following these directions for the links to work from off-campus.

1. Find the document on HeinOnline.

2. From the first page of the document, click on the permalink icon at the top of the page.

3. A text box will pop-up like this:

   ![Copy this URL to link to this page](http://www.heinonline.org/HOL/Page?handle=hein.journals/shlr41&collection=journals&set_as_cursor=1&men_tab=srchresults&id=155)

   Highlight and Copy the text in this box and paste it to a word processing document. In this example, the copied text is:

   http://www.heinonline.org/HOL/Page?handle=hein.journals/shlr41&collection=journals&set_as_cursor=1&men_tab=srchresults&id=155

4. Edit the pasted text as follows:
   a. Delete: http://www.heinonline.org
   b. Insert at the front of the link: http://econtrol.law.villanova.edu:2060
   c. For example: the above permalink should now be:

      http://econtrol.law.villanova.edu:2060/HOL/Page?handle=hein.journals/shlr41&collection=journals&set_as_cursor=1&men_tab=srchresults&id=155

5. This edited link may be used on Blackboard or in emails to send Villanova Law students and faculty directly to a HeinOnline document from off-campus. After entering a Villanova user name and password.

6. For further information, please contact your liaison librarian.
