CHALLENGES FOR WOMEN IN SPORT

Despite the advances made towards equality for women in both sports and other areas of life, they are still forced to prove their value over and over again. Every day, women face challenges in their home, workplace, and elsewhere. The Women Sport Foundation and its Ambassadors for Change are champions for gender equality in sport, working tirelessly to create a level playing field for girls and women.

AMBASSADORS FOR CHANGE

These female athletes and sports leaders are examples of individuals who have broken barriers and set new standards for women in sport. They are role models and examples of what can be achieved through perseverance and dedication.

Moving Forward

The Women Sport Foundation is committed to working towards a future where gender equality is a reality in sport. We encourage you to join us in this fight and to support initiatives that promote equality and inclusion. Together, we can create a world where every girl and woman is given the opportunity to participate and benefit from sport.
