

VILLANOVA

COLLEGE OF NURSING

SECOND DEGREE OPTIONS: BSNEExpress Program and Alternate Sequence Curriculum

Villanova University College of Nursing offers two full-time options to motivated students with a bachelor's degree in another discipline who wish to embark on a career in nursing. The BSNEExpress Program is an accelerated program that permits completion of the Bachelor of Science in Nursing (BSN) degree in 14 consecutive months, while the Alternate Sequence Curriculum requires four standard semesters plus one summer. Both options incorporate all the standard components of the traditional nursing program but in a different timeframe.

BSNEExpress PROGRAM

- Begins in May of each year and ends in August of the following year
- Rolling acceptance with online application
- Application deadline is October 15th
- Prospective students should have a 3.0 GPA or higher from their previous degree program
- GPA of less than 3.0 will be considered if performance in science courses is 3.0 or higher
- Intensity requires that students must be able to devote considerable time to studies
- Prerequisites may be taken at Villanova or any other accredited college or university:

Anatomy & Physiology (8 credits)

Chemistry (4 credits), must have organic component

Cell Biology, Genetics or Microbiology (3–4 credits)

Developmental Psychology—Lifespan (3 credits)

Nutrition (3 credits)

Pathophysiology (3 credits)

Statistics (3 credits)

Theology/Religious Studies (6 credits)

For current tuition and other costs, visit the BSNEExpress FAQ section of our web site at www1.villanova.edu/villanova/nursing/programs/undergrad/second/bsnexpress/faq.html.

ALTERNATE SEQUENCE CURRICULUM

- Begins in August of each year and ends in August two years later
- Application deadline is March 1st
- Prospective students should have a 3.0 GPA or higher from their previous degree program
- GPA of less than 3.0 will be considered if performance in science courses is 3.0 or higher
- Prerequisites may be taken at Villanova or any other accredited college or university:

Anatomy & Physiology (8 credits)

Chemistry (4 credits), must have organic component

Cell Biology, Genetics or Microbiology (3 – 4 credits)

Nutrition or Statistics (3 credits)

(the course that is not taken as a prerequisite can be completed as a co-requisite)

- Tuition is twice Villanova's yearly tuition plus a summer

"I can tell you first hand that it is an exceptional program with the most caring and knowledgeable faculty, outstanding clinical placements and incredible facilities!"
--Kate Ferrell, BSN, RN; BA in Government

Villanova University
College of Nursing has been designated a
**Center of Excellence
in Nursing Education**
by the National League for Nursing.

"Villanova has an excellent reputation and high academic standards, something which was very important to me in my educational pursuit. Additionally, I liked the small and warm feeling of the program. The faculty members take the time to get to know each student and personally care for the success of every individual. I can tell you first hand that it is an exceptional program with the most caring and knowledgeable faculty, outstanding clinical placements and incredible facilities!"
--Adena Siderer, BSN, RN; BA in Liberal Arts
