Nursing Leadership and a Culture of Health...our Annual Distinguished Lecture with Dr. Susan Hassmiller

You are cordially invited on Monday, November 21 for the College of Nursing’s 38th Annual Distinguished Lecture in Nursing “Nursing Leadership and a Culture of Health” at 7:30 p.m. in the Villanova Room of Connelly Center, with Susan Hassmiller, PhD, RN, FAAN, Senior Adviser for Nursing, Robert Wood Johnson Foundation.

Dr. Hassmiller shapes and leads the Foundation’s nursing strategies to create a higher quality of care in the United States for people, families and communities, and helps assure that RWJF’s commitments in nursing have a broad and lasting national impact. The lectureship, part of the Naratil Family Health & Human Values Lecture Series, is free and open to the community. It is co-sponsored by the Alpha Nu Chapter of Sigma Theta Tau International — nursing’s honor society. No RSVP is required. See you on the 21st!

New article focuses on vulnerable pregnant women with severe mental illness

In a valuable CNE article for clinicians in Nursing for Women's Health, faculty Dr. Amy McKeever and SueEllen Alderman and young alumni Stephanie Luff and Brian DeJesus address Assessment and Care of Childbearing Women With Severe and Persistent Mental Illness.

Villanova PNPs share scholarly work at local NAPNAP meeting

Medical marijuana, trafficking victims, asthma in urban settings...just a few of the topics
addressed by Villanova pediatric nurse practitioners and students who were out in force at the September 30th Delaware Valley chapter meeting of the National Association of Pediatric Nurse Practitioners.

Villanova faculty are among the chapter leaders as Dr. Sunny Hallowell (right) is the immediate past-president and Dr. Michelle Kelly (3rd from right) is president-elect (see below).

Free COPE Webinar-The PRISE Protocol for Optimal Health and Performance

On November 9th at 12noon, join Paul J. Arciero FACSM, FTOS, to gain easy-to-follow lifestyle strategies to optimize health and performance using the evidence-based lifestyle program "P.R.I.S.E.", the acronym for Protein (P); Resistance (R); Interval (I); Stretching (S); and Endurance (E) exercise training. Often, exercise, nutrition and mind/body guidelines are prescribed independently or in opposition to each other. Webinar attendees will learn how to incorporate these strategies in a daily routine so they complement each other and work in synergy.
