## Nursing

The College of Nursing recommend students follow the minimum computer requirements as outlined below.

Laptop	Required
Windows 7, 8x Professional 64Bit	Approved
Apple OSX	Approved
Microsoft Office	Purchase Discounted Version
HardDrive DVD	320GB Recommended
Gigabit Ethernet Connector Wifi	Recommended Required
Processor RAM	Intel i5 Recommended 4GB, 8GB Recommended
Onboard USB Ports	Required

Each student is required to have a local installed copy of Microsoft Office. For additional details and other applications available please click [here](#).

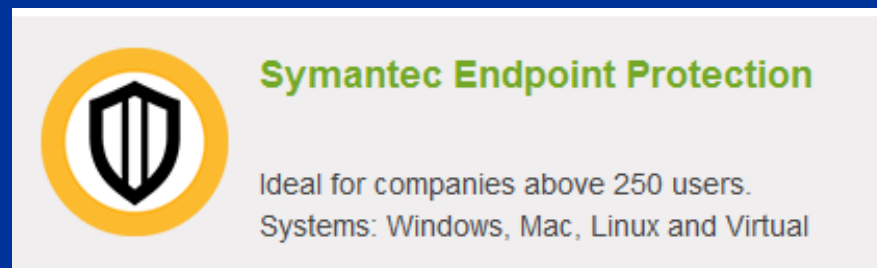

Both Mac and PC platforms are acceptable operating systems for academic use in the College.

vDesktop is a virtual Windows desktop that provides students online access to many applications (Office, SPSS, etc...).

**Q:** What computer system or platform do I need to access vDesktop?

**A:** Windows, Mac OS X, Linux, iOS, Android and many other devices can access vDesktop.

# Villanova Student Services Site

# ❖ Caring for your laptop/computer:

- Virus/Spyware protection agent that updates automatically
- Run Windows Updates
- Visit only trusted sites
- Seek support if uncertainty arises while operating the computer (i.e. questionable website, pop ups, etc.)
- Backup Data - purchase of external hard drive is suggested.

Anti-Virus

The University offers a free download of Symantec Anti-Virus for Windows to eligible students, faculty, & staff. Should you currently have an Anti-Virus solution installed on your machine, please remove prior to installation. For further assistance it is recommended that you phone our HelpDesk at 610-519-7777.

To download please login [here](#).

# Student IDs and Email

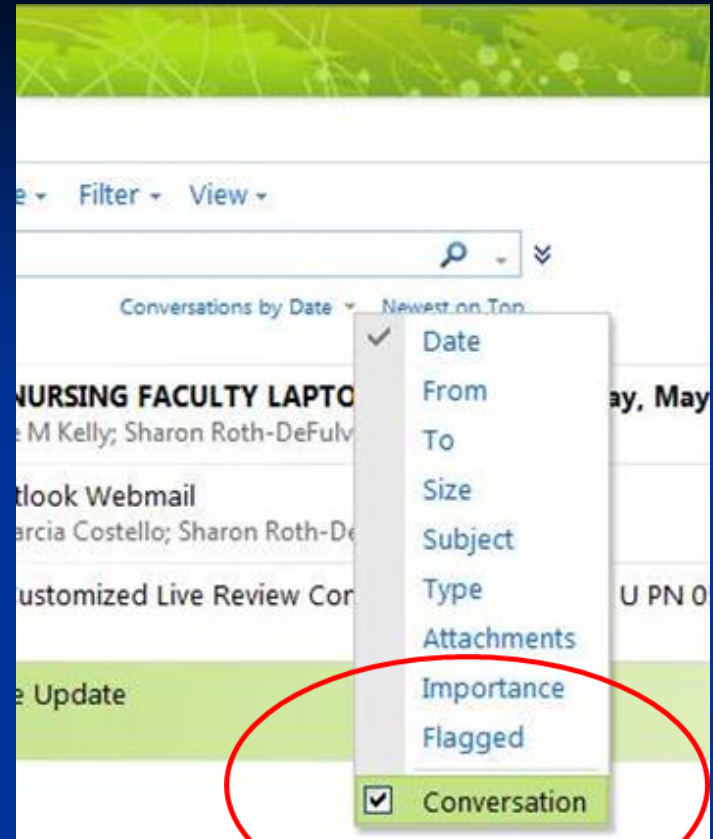

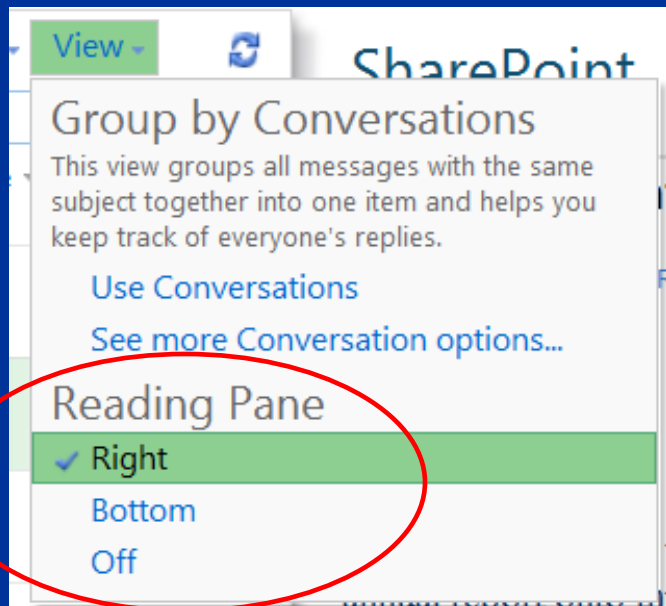

- Villanova User ID and Password
- Villanova Student ID – in lieu of SS#
- Novasis Registration Pin# – Gives you the ability to register for classes online. Your advisor will give you a Registration Pin# each semester.
- Villanova Email: [userid@villanova.edu](mailto:userid@villanova.edu)

# Villanova Email Outlook Web

**Turning off Conversations in Outlook Mail:** Click on the down arrow next to Conversation by Date and **uncheck** the Conversation box.

**Changing your Reading Pane View:** Click on the View drop down menu and choose Reading Pane view of Right, Bottom or Off.

 **Browser Test**

This page shows you the results of tests of your web browser  
Click the More Information button below for further details describing what each component does and how to add it to your computer if it is missing

More InformationOther Tests

Credits

**Your Computer**

*This information may help you describe your computer and web browsing software to someone else*

You appear to be using Internet Explorer.  
This tool attempts to check whether you have a number of plugins installed which will result in calls to some ActiveX components  
These calls may trigger security warnings to alert you to this fact. You need to allow these ActiveX components to run for the tests to complete.  
If you have any concerns about this please contact your Blackboard Administrator or IT Staff for advice.

The user agent string supplied by your browser identifies itself and the operating system asMozilla/4.0 (compatible; MSIE 7.0; Windows NT 6.1; WOW64; Trident/4.0; SLCC2; .NET CLR 2.0.50727; .NET CLR 3.5.30729; .NET CLR 3.0.30729; Media Center PC 6.0; InfoPath.2)  
It appears to use the platform Win32  
Your screen resolution is set to 1280 x 1024

**Required Components**

*If any of these components are missing, you may not be able to log in, or use some of the advanced features of Blackboard*

- ✓ Your browser supports **JavaScript**  
It is used by many of the data validation and interactive user interface tools (e.g. the Grade Centre)
- ✓ Your browser allows **Cookies**  
These are needed to store information about you whilst you are logged into Blackboard
- ✓ You have a **Java runtime environment (JRE)** installed - this is needed for some tools, e.g. the Virtual Classroom  
For best results you should use the same version of Java on your computer that is running server side  
This server is currently running Java Version 1.6.0\_20  
You can use this button to display the version of Java you have installed on your computer, but you are advised to ignore any prompts to upgrade:  

Java Test

**Optional Components**

*These items are not required to use the basic features of Blackboard, but may be needed to display certain content types (particularly audio and video files)*

- ✓ You have a **Macromedia Flash Player** installed  
This is a common format for displaying videos (e.g. on YouTube) and animations
- ✓ You have a **Macromedia Shockwave Player** installed  
This is another common format used to display animations
- ✓ You have **Windows Media Player** installed  
This is often used to play embedded or streamed audio and video files
- ✓ You have **RealPlayer** installed  
This is sometimes used to play embedded or streamed audio and video files
- ✓ You have an **Apple QuickTime Player** installed  
This is often used to play embedded or streamed animations, audio and video files
- ✗ You do not have a separate **Scaleable Vector Graphic Viewer** installed  
Some (still relatively uncommon) images may not display correctly  
Many modern browsers (e.g. Firefox or Safari) won't need one, as they have built in support for SVG images

**Pop-ups**

Some web pages in Blackboard use JavaScript Pop-up message boxes and alerts to communicate information to you  
Pop-up blocking software installed in your web browser (e.g. in the Yahoo and Google Toolbars) can prevent you from seeing these - unless it is configured to allow Pop-up from Blackboard  
Use the buttons below to test whether your browser currently allows Pop-up and alert messages:

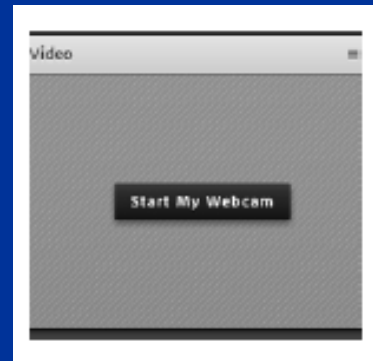

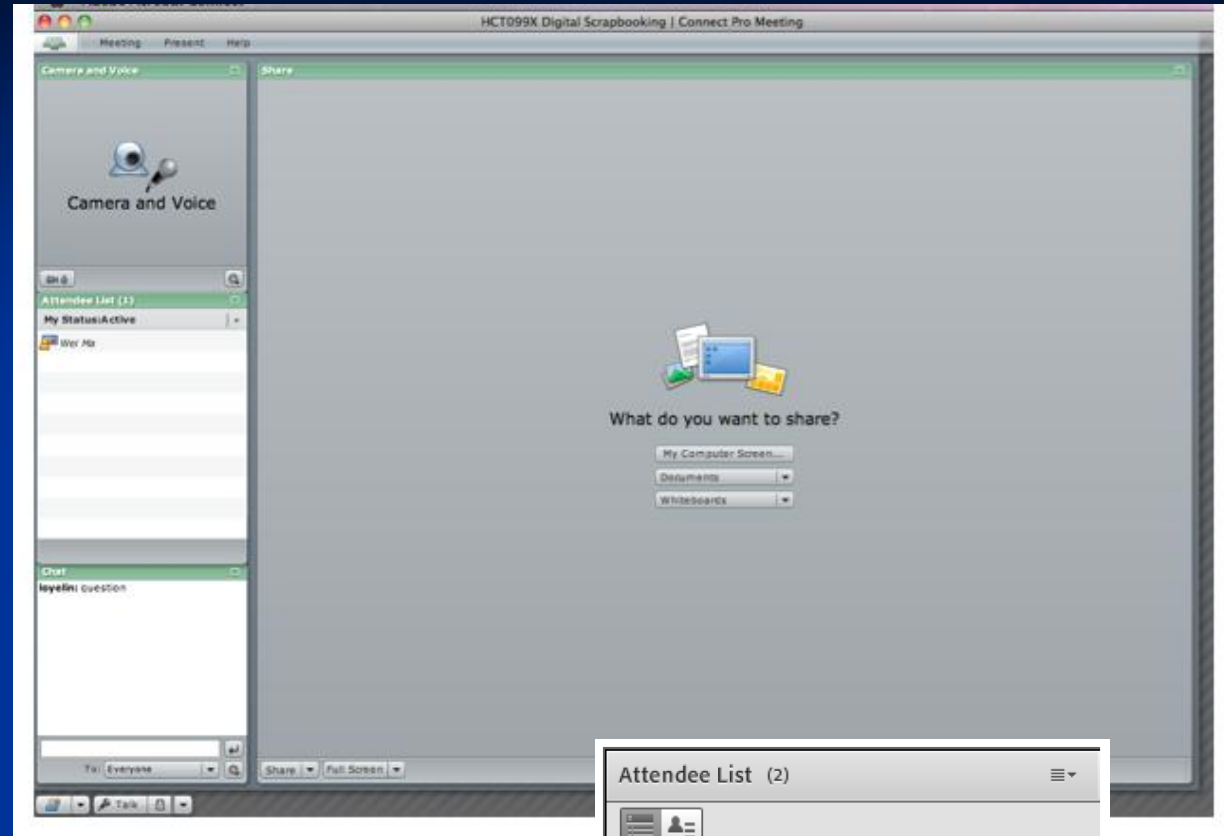

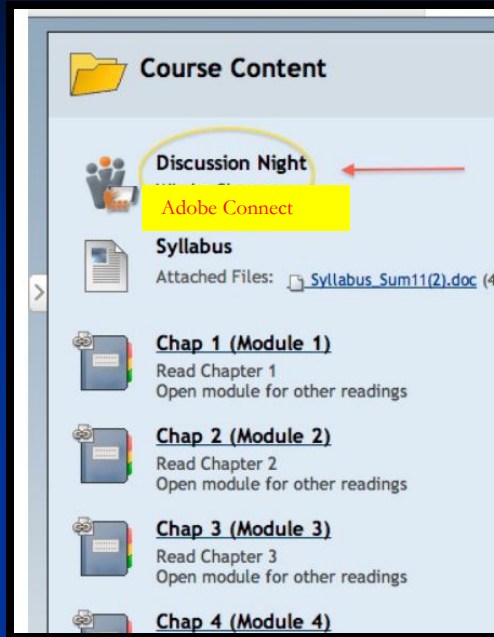

Display an AlertDisplay a Pop-up

# Villanova Mobile Apps

## Nova Now, Blackboard Mobile, CBORD Mobile ID

### Villanova Mobile Apps

#### Nova Now

**A New Version of the VU Mobile App is Here!** Villanova University has launched a new mobile app for iOS and android users, putting Villanova in the palm of your hand. Released in August, 2014, the VU Mobile App is the latest version of the application with a number of design, content and functional enhancements to improve the mobile experience for students, faculty, staff, parents, alumni and prospective students who interact with Villanova's campus and community. [More Info.](#)

---

#### Blackboard Mobile is now FREE!

**UNIT is pleased to announce that Blackboard Mobile is now free of charge to all university faculty, staff, and students.** The Blackboard Mobile App can be downloaded for both iOS and Android devices. The Blackboard Mobile App is a convenient way for faculty and students to access their online course content on the go! [More Info.](#)

---

#### CBORD Mobile ID

**CBORD Mobile ID is an app designed to be a mobile phone version of your Wildcard.** Once downloaded, students, staff or faculty open the app to use their smartphones to access readers instead of presenting their Wildcards'. From within this app, you can open doors, use a vending machine, mark attendance at an event or class, and many more uses with the flexibility of CBORD's CS Gold campus card system. [More Info.](#)

Account Information, Password Reset and More!

It is the policy of Villanova University that all faculty, staff and students will be issued a User ID that is to be protected by a password which enables them to complete the academic and business needs of the University. (There are occasions when an employee may need additional User IDs.) Where appropriate and upon need there may be User ID's created for non-university employees. It is the responsibility of the user to create a strong password and to safeguard its confidentiality. At no time should the user grant access to his/her account by ...

WELCOME TO UNIT

University Information Technologies (UNIT) is the centralized IT group whose team members are dedicated to providing the University community with comprehensive IT services and solutions. This includes providing and maintaining the University-wide computing infrastructure for academic and administrative use.

UNIT is comprised of 9 divisions with 105 professional staff that are located in 6 locations across campus.

Our Mission & IT Strategic Goals

Information technology (IT) has an important role in realizing the mission of the university's teaching,

The screenshot shows the Villanova University YouTube channel page. The header features the Villanova University logo (a large 'V') on the left and the university's crest with the motto 'VERITAS UNITAS CARITAS' and the year '1842' on the right. Below the crest, the text 'VILLANOVA UNIVERSITY' and 'IGNITE CHANGE. GO NOVA.' are displayed. The channel name 'villanovauniversity' is shown in the top left of the page, with a 'Subscribed' button and a subscriber count of '2,820' on the right. The navigation menu includes 'Home', 'Videos', 'Playlists', 'Channels', and 'About'. The 'UNIT' playlist is highlighted, showing a video thumbnail and the text 'UNIT by villanovauniversity • 30 videos • 229 views • 31 minutes'. Below the playlist, two video thumbnails are visible: 'How to Configure Gmail for a Droid' and 'How to Configure Gmail for a Blackbe'.

The screenshot shows a YouTube video player. The video title is 'How to Configure Gmail for an iOS Device' by villanovauniversity, with 1,438 views. The video player shows a 'TechZone VILLANOVA UNIVERSITY' logo. The video progress bar indicates 0:03 / 1:37. The video description area shows the Villanova University logo and the text 'villanovauniversity • 1,022 videos'. The video is marked as 'Subscribed'. The right sidebar shows a list of related videos, including 'How to Configure Gmail for an iOS Device', 'Self Service Password Reset', 'How to connect to VUMobile on a Mac', 'How to change your password', and 'How to Grant Parents Access to Novasis'. The bottom of the page shows the 'About' tab selected, with 'Like' and 'Share' buttons.
