MEETING WITH YOUR ADVISOR  You are to make an appointment with your faculty advisor prior to submitting your application to (1) verify completion of all degree requirements, (2) confirm the approval of any transfer credits, (3) conduct an exit interview, and (4) obtain her/his signature on the application where indicated.

GRADUATION SUMMARY  The completed “Graduation Summary” form is to be submitted to the Graduate Nursing Program Office along with your signed graduation application. This form will be used to prepare a final summary of your accomplishments while at Villanova University, and it will become a permanent part of your student record. Please attach a current resume to this form.

PHOTO  In order that we have a reminder in our records to “jog our memories” many years in the future, we ask that you include a photo with your application packet.

EVALUATION FORM  You are asked to complete the attached “Program Evaluation” form and return it to the Graduate Nursing Program Office along with your graduation application materials. Please be advised that all components of the packet you submit are separated as soon as they are received, so there is no way to identify a particular individual's evaluation. In addition, responses to this evaluation are summarized and reported only in the aggregate, and if individual faculty are named in the open-ended questions on the last page, those comments are not included in the final summary report. The final summary report is reviewed by all faculty who teach in the Graduate Program, and areas of concern are discussed at Program meetings; thus, your thoughtful comments and responses are very much appreciated and utilized in making decisions about Program improvements. In addition, a copy is submitted to the Research and Evaluation Committee of the College of Nursing.

DUE DATES  The “Application for Granting a Master of Science in Nursing Degree” (signed by both you and your faculty advisor), the “Graduation Summary” form, your current resume, and the “Program Evaluation” form must be submitted to the Graduate Nursing Program Office on or before the date specified below, which depends on the semester/term in which you plan to complete the Program.
