

Vegan MY ^ PLATE

Nutrition Tips:

- *Choose mostly whole grains.
- *Eat a variety of foods from each of the food groups.
- *Adults age 70 and younger need 600 IU of vitamin D daily.
Sources include fortified foods (such as some soymilks) or a vitamin D supplement.
- *Sources of iodine include iodized salt (3/8 teaspoon daily) or an iodine supplement (150 micrograms).
- *See www.vrg.org for recipes and more details.

Vitamin B12:

Vegans need a reliable source of vitamin B12. Eat daily a couple of servings of fortified foods such as B12-fortified soymilk, breakfast cereal, meat analog, or Vegetarian Support Formula nutritional yeast. Check the label for fortification. If fortified foods are not eaten daily, you should take a vitamin B12 supplement (25 micrograms daily).
