Villanova University and New Student Orientation will continue to send Transfer 101 emails throughout the summer to keep you updated on important information and help prepare for your arrival.

A Note from New Student Orientation Program's Transfer Captain

Hello, Transfer Students, and welcome to Villanova University!

My name is Angela Silvi, and I have the privilege of being this year's Transfer Captain for our New Student Orientation Program! I, alongside my five Transfer Counselors, will be leading all of the Transfer Students through a four-day Orientation program in August. This program will give you valuable resources, information and handy tips to allow you to get adjusted to Villanova. We will also be a support system for you after the four days are over, as Transfer-specific questions may still arise after the scheduled programming is finished!

I transferred myself back in the Fall of 2021 and went through exactly what you are currently going through. If you are nervous, that is absolutely okay. Transferring is a courageous step and there are a lot of new things to navigate. However, know that you have a team of Transfer Counselors who are ready and able to help with any bump that you may encounter. Lean into the unknown and know that everyone is in this together.

Here are some important tips as you begin the transfer process.

- Schedule a meeting with your Academic/Transfer Advisor to register for classes and begin talking about credit evaluations. You will also meet with your College during our Orientation program.
- We invite you to join the [Transfer Facebook Group](#)! This page can be used to connect with other transfers and ask any questions you may have.
- Transfer students are not guaranteed on-campus housing. Begin to look for off campus housing. Many transfers (especially their first year) room with other transfer students in housing local to Villanova's campus.
- Get so excited for all of the special things we have planned to welcome you to your new home here at Villanova. \//

Please feel free to reach out with any questions at all!
