Wednesday, March 10, 4:30-5:30pm

One of the unmistakable challenges of the COVID-19 pandemic has been its effect on K-12 education. As policymakers, school boards and administrators continue to develop new strategies for delivering education amid a pandemic, it is a key moment to consider long-term, sustainable improvements to the traditional education system in the United States. Join the Eleanor H. McCullen Center for Law, Religion and Public Policy for a discussion on education policy, drawing upon the expertise of panelists on educational pluralism, charter schools and the political landscape of school choice efforts.

- **CLAS - Elaine Lamberto**

- CLAS Dean, Adele Lindenmeyr hosted a town hall meeting this past week for all CLAS staff. We will be fully open and back to all in person for Fall '21 Semester.

- CLAS Diversity, Equity, and Inclusion update: Associate Dean, Dr. Edward Fierros will be hosting the week of March 8th a departmental Diversity, Equity, and Inclusion meeting for all CLAS Committee Members, CLAS Departments and for the first time, CLAS Administrative Staff will be joining us for a zoom meeting. If a specific college on campus would like further information on learning about or starting their own DEI Committee, please reach out to Elaine Lamberto (elaine.lamberto@villanova.edu), or Dr. Edward Fierros (edward.fierros@villanova.edu).
- CLAS Sustainability Update: The College of Liberal Arts and Sciences formed a Sustainability Committee (prior to Covid-19) which include staff and faculty. One major thing that CLAS did was survey our departmental staff to get ideas about more sustainable purchasing. Prior to Covid-19, two breakfast roundtables with the administrative staff took place to discuss their findings and gather more ideas. Both of those events were highly successful and was a nice way for the administrative staff to meet and mingle with some of our CLAS Sustainability members which include both staff and faculty and involve administrative staff who may not always have the time to sit on formal committees, however, are influential in purchasing and operations. The committee also deferred a “supply swap” event until after Covid was over. This event is where all departments could bring their excess office supplies and swap for items’ they need versus buying more. Hopefully sometime in 2021-2022 this can take place. If other colleges on campus are interested in these types of outreach activities, please contact Elaine Lamberto in CLAS and she can connect you with members of our Sustainability committee to share ideas with you.
- **CPS – Elizabeth Remelius**

 - Friday, March 12th, 2021, at 11:00 AM in Zoom
 - Join Sarah Wiperman, Scholarly Communication Librarian, on Friday, March 12, from 11 a.m.–12:30 p.m. for a workshop entitled “Understanding and Negotiating Publisher Contracts: What to Look for Before You Sign.” You wrote an article, and it was accepted! The publisher sends you a publishing agreement to sign, but what does that agreement actually say? What rights are you giving away, and what rights do you retain? Can you post your article to your website? Can you use it in the classroom? Can you send it to colleagues? This workshop will look at a variety of agreements across different disciplines; give you tools to understand general journal policies on when and how you can post articles; show you ways that you can negotiate with publishers to retain more rights to your work; and discuss ways that you can share your work more widely. This event, sponsored by Falvey Memorial Library, is free and open to the Villanova community.
