

Download Respondus LockDown Browser for Students

If your teacher requires you to take assessments in Respondus LockDownBrowser, please follow these steps to install on your computer.

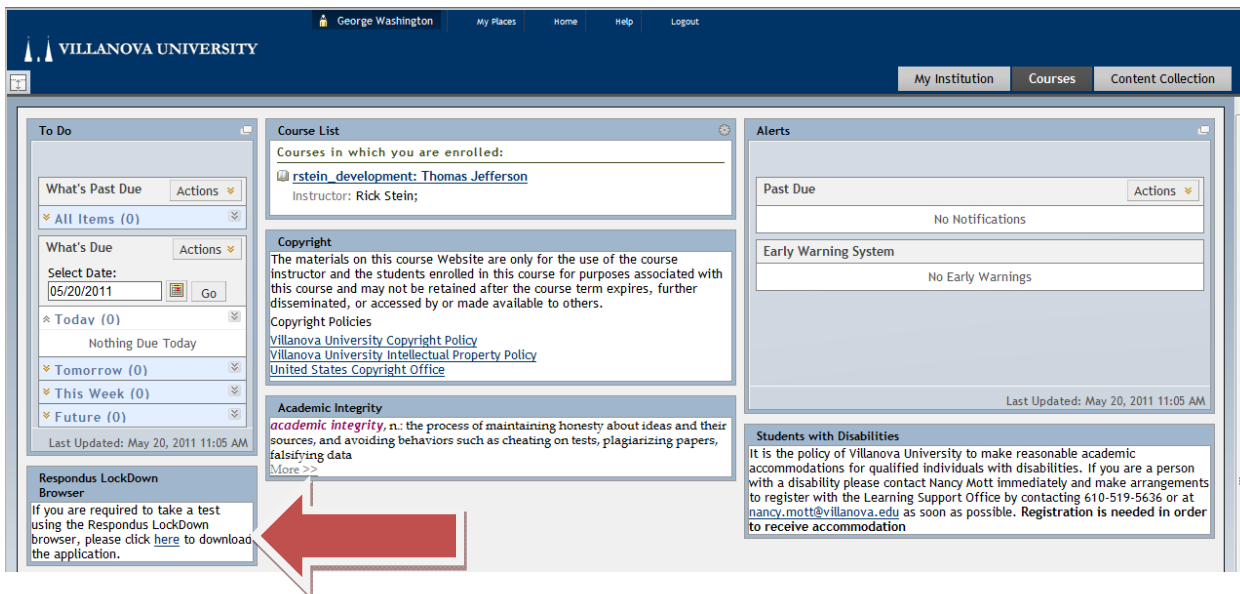

Log into <http://elearning.villanova.edu>

Click the Courses tab.

The screenshot shows the Villanova University eLearning interface. The top navigation bar includes 'My Institution', 'Courses', and 'Content Collection'. The 'Courses' tab is selected. The main content area displays a course list for 'rstein_development: Thomas Jefferson' with instructor 'Rick Stein'. Below the course list, there are sections for 'Copyright', 'Academic Integrity', and 'Students with Disabilities'. In the bottom left corner, there is a 'Respondus LockDown Browser' module with a link to download the application.

Click the download link in the Respondus LockDown browser module.

The screenshot shows the Villanova University eLearning interface. The top navigation bar includes 'My Institution', 'Courses', and 'Content Collection'. The 'Courses' tab is selected. The main content area displays a course list for 'rstein_development: Thomas Jefferson' with instructor 'Rick Stein'. Below the course list, there are sections for 'Copyright', 'Academic Integrity', and 'Students with Disabilities'. In the bottom left corner, there is a 'Respondus LockDown Browser' module with a link to download the application. A red arrow points to the 'here' link in the module text.

Once the download is complete, follow the steps for installation. Please use all of the default settings.

Once the install is complete, open Lock Down browser from your Start menu. It will take you directly to the Blackboard page to login.

Navigate to your class where the assessment is located and Begin.
