## Program Goals:

- Apply active learning strategies in online synchronous sessions
- Discuss and share practices of using Zoom breakout rooms
- Set up Zoom breakout rooms
- Effectively utilize Zoom breakout rooms to engage students

# Icebreaker

Introduce yourself and answer the following question:

How was your experience of teaching synchronous sessions with Zoom?

- Please share one successful example? What makes it successful? Or
- Share one mishap? What led to the experience?

# Guiding Principles

- Be student-centered
- Plan for active learning
- Begin with the end in mind
- Use online teaching to its comparative advantages

# Pedagogic techniques for successful breakout rooms

- Assign a clear task for students to accomplish
- Assign roles to students.
- Match the amount of time and number of students to the task.
- Have students take notes collaboratively.
- Let students know how to ask for help after they join their breakout rooms.
- Don't change group composition too often.
- Consider if you will monitor group discussions.

# Student Study Group

# Teachers are made, not born

Great teachers are not born.  
They are made.
