2. _________________________________________________________________________

3. _________________________________________________________________________

University policy states “students who have only three or fewer courses remaining to fulfill the requirements for graduation, or who can complete the degree requirements before the beginning of the next fall semester, may petition to participate in the graduation ceremony. The names of all such students throughout the University will not be included in the commencement program until the following May, after they have in fact been graduated. Students may participate in only one commencement ceremony.” University policy also states “the final 30 credits of a degree program must be taken here at Villanova.”

I understand that I will not receive a diploma until all degree requirements have been satisfied.
