<tr>
<td>California</td>
<td>Yes</td>
<td>1996</td>
<td>The California Department of Public Health’s (CDPH) Medical Marijuana Identification Card Program (MMICP) was specifically established to create a state-authorized medical marijuana identification card (MMICP), along with a registry database for verification of qualified patients and their primary caregivers. Participation by patients and primary caregivers in this identification card program is voluntary. The MMICP web-based registry allows law enforcement and the public to verify the validity of a qualified Pt. or primary caregiver’s MMICP as authorization to possess, grow, transport, and/or use medical marijuana within California. cdph.ca.gov/On the state website there is a Medical Marijuana Program Application document (linked to the right).</td>
<td>Proposition 64 removed language authorizing CDPH to collect fees from the County’s program. County programs may charge an amount not to exceed $100.</td>

Must have a valid, accessible email account. Complete and submit the application form for registry identification card. Physician fills out the application form. Pt. fee, caregiver fee, and copies of drivers licensees or personal identification card (Pt. and caregiver) must be mailed in. 2 years $60, Caregiver $25

Maryland

Custom online service to allow licensed medical providers to certify patients for the use of medical marijuana on January 5, 2015. The online service will only be available to licensed Maryland medical practitioners in good standing and will produce a standard printed certification for all patients in the Maryland Medical Marijuana Program. Its use is mandatory. In addition to either a registry ID card or a printed certification form, all patients, including both non–registered and voluntarily registered patients, must also present their Maryland driver license or other form of identification (ID) and proof of residency. A printed certification will be mailed to the patient or their designee. Only a limited number of specially–licensed pharmacies will distribute Medical Marijuana

The anticipated date that Medical Marijuana will be available is May 2019.
Online application requires scanning and printing capabilities. The online registry allows applicants to scan and upload driver’s license to register and create a profile, download and print the medical marijuana card application, and when the application is complete, you can upload and pay online. The Online Registry is found at https://https://patient.idcardstate.com. If you’re not registered before click on “Register as a Cardholder.” It is necessary to print and fill out application. Applicants are required to have their healthcare provider sign the Attending Healthcare Provider Statement, sign and date the Waiver and Acknowledgement forms, and include a copy of the front and back of their state-issued identification. When the application is completely filled out, applicants are scanned and uploaded it, rather than mailing it in for approval.
