

Bulletin Board Packet

SAVUR app

Description: This bulletin board packet introduces the Sexual Assault Villanova University Resource (SAVUR) app. It is a basic packet that is meant to be a starting point for a more focused bulletin board display on specific resources related to sexual violence. It highlights the various app components and reinforces key resources at Villanova. If you have any questions or would like additional information or materials, please contact the Office of Health Promotion at (610) 519-7407 or e-mail us at healthbytes@villanova.edu. Of particular note, PDF copies of page 3 are available by request for clearer images and writing. Use the contact information provided here to request those materials electronically.

When to display the board: October (domestic violence awareness month), February (healthy relationships awareness month), April (sexual assault awareness month)

Ways to alter the board: Create a bulletin board that features a variety of safety-related apps like Nova Safe, SAVUR and BACcards.com, along with other apps that are student-friendly and reinforces safe and informed decision-making. Consider highlighting a particular resource (e.g., SARC team – visit the [SARC Web page](#) on the [sexual violence Web site](#) to download pictures and bios). There are two versions of the SAVUR app included – use the one that fits your needs best.
