PERSONAL ENRICHMENT PROGRAM GUIDELINES

The College of Professional Studies at Villanova University is pleased to offer the Personal Enrichment Program. This program offers the opportunity for individuals age 65 and above to attend undergraduate college courses at Villanova University in an audit capacity for our Fall and Spring semesters. Personal Enrichment students may enroll, on a space available basis, for approved undergraduate level courses in the College of Liberal Arts and Sciences and, with approval, in the Villanova College of Nursing. Graduate level courses, courses in the College of Engineering, Villanova School of Business and Naval Sciences are not offered in this program.

Please review the guidelines below to apply and enroll in the Personal Enrichment Program:

- **TO APPLY as a new student to the program:**
  - Prior to enrolling in any course, individuals interested in the Personal Enrichment Program must apply for acceptance by completing the College of Professional Studies Application Form and providing proof of age (i.e. Driver’s License). Both must be submitted to The College of Professional Studies by the semester deadline, before registration in classes.
  - You will find the application available by clicking [here](#) or look for the APPLY button on the CPS Personal Enrichment webpage.

- **TO FIND INFORMATION about available classes:**
  - Each semester, a list of courses available to Personal Enrichment students will be posted to the Personal Enrichment webpage. You can expect to see this list several weeks before registration day.
  - Please check the [Master Schedule](#) for more information about the eligible courses on the Villanova website for the upcoming term. (Attribute Type “CPS PE Approved”, date & time, location, instructor, enrollment, etc.)
  - Note the course title, number, and CRN number (which is the 5-digit number found to the right of the course name) for the listed course(s) you are interested in. You will need this information for virtual registration.
  - The required ratio of Personal Enrichment students to traditional undergraduate students in any course is 1 to 5.
  - Courses that have reached the maximum ratio, class size limit, or have enrollment restrictions (Honors, etc.) are not open to Personal Enrichment students.
  - Personal Enrichment students are only permitted to attend courses they are enrolled in for the current semester. They may not attend class prior to being enrolled.

- **TO ENROLL:**
  - The enrollment period for the Personal Enrichment Program is the business day immediately following the drop/add period for traditional students. Registration will occur on that day virtually from 9 a.m. to 4 p.m. Please visit the [Personal Enrichment Program Page](#) for the specific date and link each semester.
Using your name and Villanova student ID number, you will fill out a Microsoft Form once with your desired course information.

You will receive a confirmation email that we have received your request, and all requests will be processed in the order that they were received by a staff member from the College of Professional Studies, pending course availability.

Students will only be eligible to register for one course to ensure that we can accommodate the requests of as many students as possible. Please list your course choices on the form in order of preference.

Once your course registration has been processed, a CPS staff member will email your course information to you, confirming enrollment.

If the course(s) a student has selected are no longer available at the time their form is processed, the student will be contacted by a CPS staff member by email. The student may amend their registration by email until 4 pm on the drop/add day.

The day following registration is considered drop/add day and will ONLY be used to make changes to existing registrations. No first-time registrations will occur on that day. This timeframe will be followed without exception.

Students are only permitted to attend classes AFTER they are officially registered on Personal Enrichment registration day. Students may not attend courses prior to the registration day nor attend courses for which they are not officially registered. Violation of this policy will lead to dismissal from the program.

It is expected that Personal Enrichment students in the College of Professional Studies will maintain a consistently high level of professional behavior. It is assumed that students will treat faculty, staff, and fellow students with respect, and their behavior should always reflect standards of professional excellence commensurate with their status and the values and principles of Villanova University. Severe or repeated violations of reasonable performance expectations may result in dismissal from the Personal Enrichment Program.
