ID THEFT ASSIST – OVERVIEW

ID Theft Assist is a comprehensive identity theft protection program with an innovative approach that combines industry-leading, proactive monitoring services with connected services such as recovery and restoration assistance, legal consultations, and financial guidance. Customers have relied on ID Theft Assist to provide outstanding service to employees and members nationwide.

THE NEED

Identity theft is the fastest growing crime in America.

An identity is stolen every 2 seconds.¹

Identity theft tops the list of consumer complaints filed with the FTC for the last 15 consecutive years.²

Victims of identity theft differ from the average employee in that they “are absent 5 times more, use their medical benefits 4 times more, use their sick leave twice as often,” have lower productivity, and spend over 51 hours away from work solving the issue.³

The average financial loss per identity theft incident is $7,761.⁴

In 2016, 15.4 million Americans were victims of identity theft. Financial losses attributed to identity theft totaled $16 billion.⁵

THE SOLUTION
