

The following instructions will allow users to download the Pharos client. Afterwards students will be able to print from his/her personal laptop then pick up their job from any print station on campus.

To install the Pharos on your machine, please download the Vprint_for_Lte.exe file and double-click it to start installation.

When the following prompt appears, click Yes.

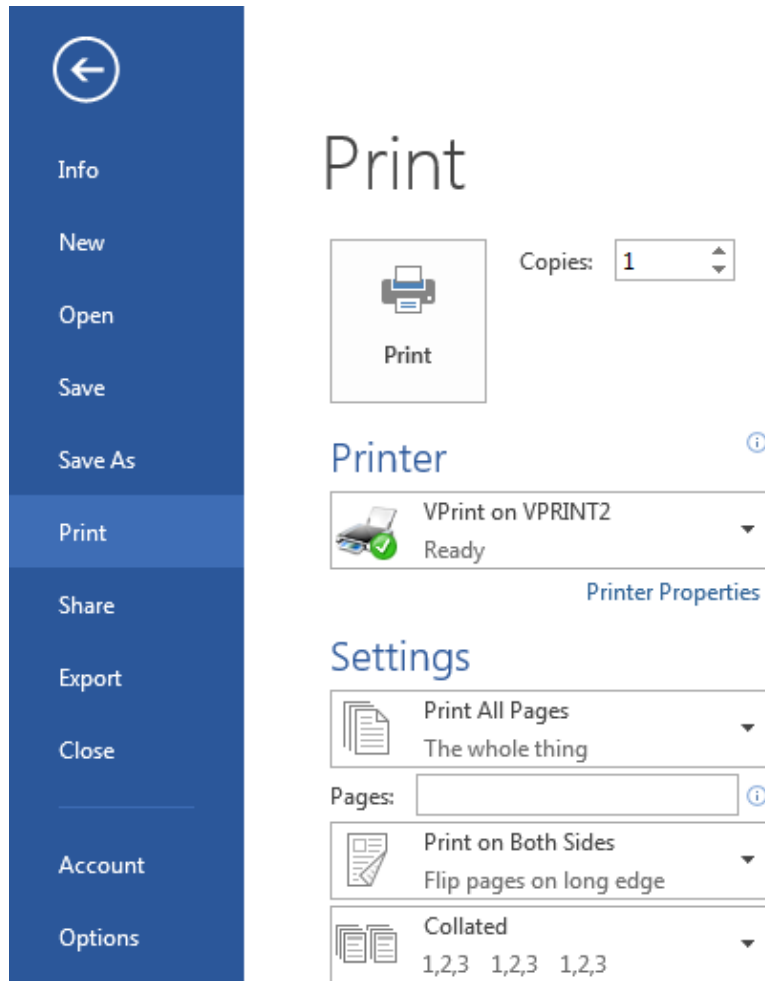

Allow Pharos to download by clicking Install.

Once completed, click Finish.

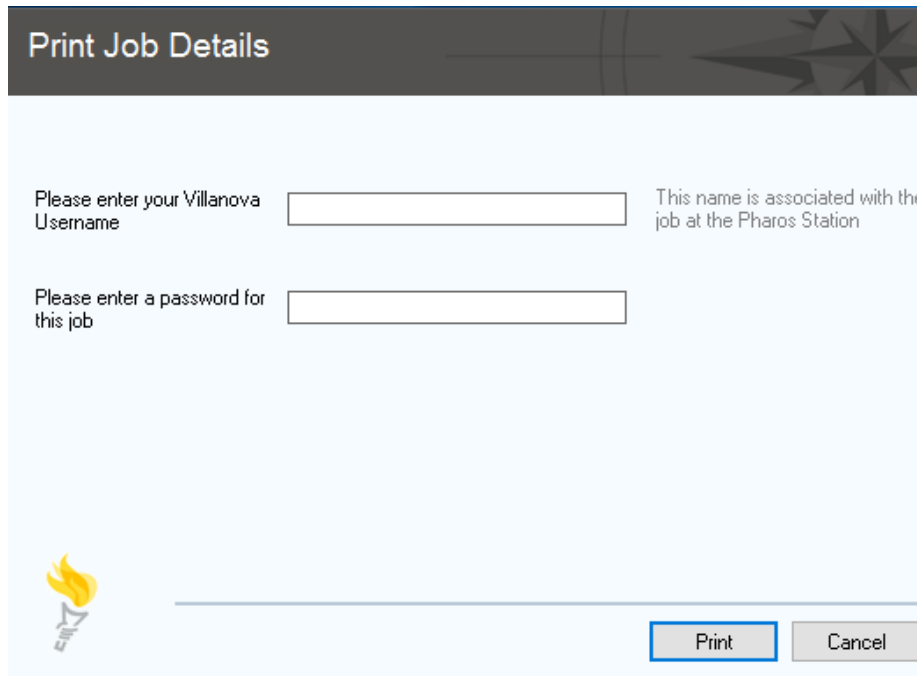

Once Pharos is downloaded, you can open a document that needs to be printed. From the list of printers available, chose VPrint.

The screenshot shows a software interface with a dark blue sidebar on the left containing a back arrow icon and menu items: Info, New, Open, Save, Save As, Print (highlighted), Share, Export, Close, Account, and Options. The main area is titled "Print" and includes a "Print" button with a printer icon, a "Copies" dropdown set to 1, and a "Printer" section showing "VPrint on VPRINT2" as the selected printer with a "Ready" status and a "Printer Properties" link. Below this is a "Settings" section with three dropdown menus: "Print All Pages" (The whole thing), "Pages:" (empty), "Print on Both Sides" (Flip pages on long edge), and "Collated" (1,2,3 1,2,3 1,2,3).

Once you click VPrint, you'll then be prompted for your ldap username and password. Click Print.

The image shows a dialog box titled "Print Job Details" with a dark header bar. The main area is light blue and contains two input fields. The first field is labeled "Please enter your Villanova Username" and has a text box next to it. To the right of this field is a note: "This name is associated with the job at the Pharos Station". The second field is labeled "Please enter a password for this job" and also has a text box next to it. In the bottom left corner, there is a small logo of a hand holding a flame. In the bottom right corner, there are two buttons: "Print" (highlighted with a blue border) and "Cancel".

You can then go to any printer, tap your Wildcard then release the print job. Once done, please be sure to log out of the printer.
