Course And Teacher Survey (CATS)
Student Proctor Guide

Please follow the guidelines below:
✓ It should take approximately ten minutes for students to complete CATS.
✓ The instructor should not be physically present when students are completing the survey.
✓ CATS should be completed during the last two weeks of class.
✓ The survey should be administered at the beginning of class.
✓ Please inform your fellow classmates that the instructor will not see the results until after final grades have been submitted and that responses are completely confidential.
✓ If the course has multiple instructors, there is a separate survey link for each instructor.
✓ Surveys can be accessed on any laptop or mobile device.
✓ When connecting to Villanova Wi-Fi, VUMobile must be selected. Note: VUGuest will NOT work.
✓ Preferred web browsers are Chrome, Firefox and Safari.
✓ Students log into the CATS system using their Villanova username and password.

There are two ways for students to access CATS:
1. Email Invitation - An invitation email containing a link to the CATS system is sent to each students' Villanova email address from the Office of Strategic Planning and Institutional Effectiveness.

2. Blackboard - Navigate to myNova and search for Blackboard. CATS are located on the left navigation menu under Tools → CATS Surveys - For Students.

Thank you for your participation in the CATS process. We appreciate your time and attention. Should you have any questions, please contact the Office of Strategic Planning and Institutional Effectiveness. We welcome your feedback.
