

# **Randy D. Weinstein, Ph.D.**

Associate Vice Provost for Teaching and Learning  
Professor of Chemical and Biological Engineering  
Villanova University  
800 Lancaster Avenue  
Villanova, PA 19085  
randy.weinstein@villanova.edu

## **EDUCATION:**

1998 **Massachusetts Institute of Technology**, Ph.D., Chemical Engineering  
1993 **University of Virginia**, B.S., Chemical Engineering with High Distinction

## **PROFESSIONAL EXPERIENCE:**

2016-present **Villanova University**, Associate Vice Provost for Teaching and Learning  
April 2018- July 2020 **Villanova University**, Interim Dean of Engineering  
2012-2016 **Villanova University**, Associate Dean of Academic Affairs, College of Engineering  
2007-2012 **Villanova University**, Chair, Chemical and Biological Engineering  
2007-present **Villanova University**, Professor of Chemical and Biological Engineering  
2009-2012 **Villanova University**, Inaugural Program Director, Sustainable Engineering  
2004-2007 **Villanova University**, Associate Professor of Chemical and Biological Engineering  
2005-2007 **Villanova University**, Associate Research Professor of Chemistry  
1998-2004 **Villanova University**, Assistant Professor of Chemical and Biological Engineering

## **CONSULTANT EXPERIENCE:**

2015-2017 **College Board**  
2007 **ECOR Solutions, Inc.**  
2006-2008 **Ablaze Development Corporation**  
2003 **k Technology Corporation**  
1999-2002 **Lucent Technologies**

## **REPORTING UNITS:**

*As Interim Dean:*

Five Departments/Programs in Engineering  
Six Research Centers  
Two Associate Deans  
Three staff direct reports

*As Associate Vice Provost for Teaching and Learning:*

Academic Support for Athletes  
Center for Access Success and Achievement  
Honors Program  
Learning Support Services  
Mathematics Learning Resource Center  
Office of Education Abroad  
Villanova Institute for Teaching and Learning

Tutoring  
Writing Center

**SIGNIFICANT PROFESSIONAL EXTERNAL ACTIVITIES:**

Academy for Innovation in Higher Education Leadership, 2017-2018

Chair, "Free Forum on Engineering Education: The Junior and Senior Years," AIChE Annual Meeting, San Francisco, CA, 2016.

College Board's Advanced Placement Program® (AP®) Engineering Curriculum Development and Assessment Committee (CDAC), 2015-2016

College Board's Advanced Placement Program® (AP®) Engineering Higher Education Advisory Panel, 2015

Chair, "Free Forum on Engineering Education: The First Year and Sophomore Year," AIChE Annual Meeting, Salt Lake City, UT, 2015.

Co-Chair, "Best Practices of Online Courses and Virtual Environments," AIChE Annual Meeting, Salt Lake City, UT, 2015.

Management Development Program, Harvard Graduate School of Education, 2014

National Effectiveness Teaching Institute-2, 2014

Reviewer for approximately 150 journal publications and grant proposals

Grand Master Alchemist (President), Alpha Chi Sigma, 2012-2014

Foundation Member, Alpha Chi Sigma Educational Foundation, 2010-2020

Grand Collegiate Alchemist (1<sup>st</sup> Vice President), Alpha Chi Sigma, 2010-2012

Grand Master of Ceremonies (3<sup>rd</sup> Vice President), Alpha Chi Sigma, 2008-2010

Co-Chair, "Thin Films, Coatings, and Interfacial Phenomena Using Compressible or Supercritical Fluids," AIChE Annual Meeting, Philadelphia, PA, 2008.

Chair, High Pressure Group (1f) of AIChE, 2005-2007.

Chair, "Thin Films and Coatings Using near and Supercritical Fluids," AIChE Annual Meeting San Francisco, CA, 2006.

Vice-Chair, High Pressure Group (1f) of AIChE, 2003-2005.

Co-Chair, "Synthesis and Coating via Supercritical Processing," AIChE Annual Meeting, Austin, TX, 2004.

Chair, "Materials Processing in Supercritical Fluids I," AIChE Annual Meeting, San Francisco, CA, 2003

Chair of the District Counselors, Alpha Chi Sigma, 2004-2006

Atlantic Central District Counselor (ACDC), Alpha Chi Sigma, 2002-2008

Professional Representative, Alpha Chi Sigma, 2002

Chair, "Materials Processing in Supercritical Fluids II," AIChE Annual Meeting, Indianapolis, IN, 2002

Advisor Villanova Student Chapter of Tau Beta Pi, 2001-present

Group 1f (High Pressure) session coordinator for AIChE Annual Meeting, Indianapolis, IN, 2002.

Co-Chair, "Materials Processing in Supercritical Fluids II" and "Benign Synthesis in Supercritical Fluids," AIChE Annual Meeting, Reno, NV, 2001

Co-Chair, "Thermodynamics & Processing with Supercritical Fluids," AIChE Annual Meeting, Los Angeles, CA, 2000

Chair, "Chemistry of Supercritical Fluid Extraction," AIChE Annual Meeting, Dallas, TX, 1999

National Effectiveness Teaching Institute-1, 1999

Advisor Villanova Student Chapter American Institute of Chemical Engineers, 1998-2015

**SIGNIFICANT PROFESSIONAL INTERNAL ACTIVITIES:**

University Sustainability Leadership Council, 2018-present  
University Strategic Planning Team, Accountable Executive, 2018-2019  
University Council of Deans, 2018-present  
University Data Governance Committee, 2017-present  
Faculty Guidance Committee for the Learning Management System, 2017-2019  
University CARE Team, identifying and referring students of concern, 2016-2018  
University Space Steering Committee, 2016-2018  
University Council on Information Technology, 2016-present  
Provost's Council, 2016-present  
University Assessment Committee, 2014-present  
Task Force on Carnegie Reclassification, 2014-2015  
University Core Curriculum Committee, 2014-2016  
University Retention Committee, 2013-present  
Task Force on the Online Undergraduate Degree for Adult Part-Time Students, 2013  
Faculty Senate, Academic Policies Committee, 2012-2016  
TedxVillanovaU speaker, 2012  
Lindback Selection Committee, 2011-2018  
Honors Council for the Villanova Honors Program, 2011-2015  
Instructor for LEAD, engineering program for minority high school students, 2010-2013  
Guest lecturer, An Introduction to Global Interdisciplinary Studies, 2009-2018  
Freshman Engineering Curriculum Committee, 2008-2016  
Faculty panel on Teaching Philosophy for the Admissions Office for accepted students, 2005-2016  
Faculty instructor for "A Day in the Life of a Villanova Student" for minority prospective students, 2006-2012  
Faculty presenter for "Villanova Works," a program for high school guidance counselors, 2005-2012  
Teaching Award Subcommittee of the Committee of Faculty of the University Senate, 2009-2012  
Search committee for Director of Public Safety, 2007-2008  
Board of Trustees Committee on Student Life, 2007-2009  
President's Strategic Planning Committee, 2007-2009  
Chair, Chemical and Biological Engineering Faculty Search Committee, 2006-2007  
Engineering Undergraduate Strategic Planning Committee, 2006-2007  
Instructor for VESTED, engineering program for minority high school students, 2005-2009  
Founding member and instructor, Theater, Science, and Magic summer camp for high school students, 2005-2008  
Developed and ran new interdisciplinary freshman engineering project and competition required of all freshman engineers, 2005-2009

**SIGNIFICANT HONORS:**

American Society of Engineering Education Corcoran Award, sponsored by Eastman Chemical Company, for the most outstanding article published in *Chemical Engineering Education*, 2016

Lindback Award for Teaching Excellence at Villanova University, 2010

Finalist, Final Toast for Seniors, 2010

Honor Roll Advisor for AIChE, 2005-2009

Inaugural Innovative Teaching Award, Villanova University, 2008

Semi-finalist for the Lindback Award for Teaching Excellence at Villanova University, 2005, 2007, 2008, and 2009.

Farrell Award to recognize personal concern for students and exceptional dedication to the Villanova University College of Engineering, 2001

Society of Graduate Fellows for Sustainability, 1996-1998

Martin Fellow for Environmental Research, 1997-1998

MIT Department of Chemical Engineering Special Service Award, 1995

Alumni/ae Association Student Recruiter Award, 1995

Alpha Chi Sigma National Leadership Award, 1992 & 1993

UVA Chemical Engineering Faculty Award, 1993

Dow Chemical Outstanding Junior Chemical Engineering Award, 1992

#### **PROFESSIONAL SOCIETIES:**

American Society for Engineering Education, 1998

American Chemical Society, 1998

Sigma Xi Scientific Research Society, 1996

Tau Beta Pi Professional Engineering Society, 1992

Golden Key National Honor Society, 1992

American Institute of Chemical Engineers, 1991

Phi Eta Sigma Freshman Honor Society, 1990

Alpha Chi Sigma, 1990

#### **RESEARCH INTERESTS:**

Research has been focused on environmentally benign chemical processing, nanomaterials, thermal management of electronic devices, and innovation in the undergraduate classroom. Supercritical carbon dioxide is being used to create self-assembled monolayers (SAMs) and polymeric films on various metal surfaces for corrosion resistance and electrochemical modifications. This environmentally friendly solvent is also being used to make drug delivery devices by implanting various pharmaceuticals into biocompatible polymeric devices as well as into chewing gum. Various reactions and nanomaterial synthesis processes are also being explored in sub- and supercritical carbon dioxide in attempts to better understand these unique fluids. Methods of static and transient thermal management are being studied in portable electronic devices to improve user comfort as well as the electronic reliability. Efforts are focused on using nanomaterials to improve heat transfer in such devices. Nanomaterials are being used as catalysts for a variety of chemical transformations. Inverted classrooms are being studied to gather data to support improved student comprehension, increased student responsibility for their own learning, and effective use of faculty time.

### **TEACHING INTERESTS:**

Courses taught include chemical engineering thermodynamics II, modeling and numerical methods I, chemical engineering laboratory II and III, chemical engineering research I and II, engineering interdisciplinary projects II, graduate thermodynamics, introduction to engineering, and nanomaterials and surface science. Interests include blending technology into the classroom, inverting the classroom, and using multidisciplinary projects as the basis for learning.

7. "RUI: Nanoscale Catalysts: Syntheses, Characterization and Reactivities," \$188,000, National Science Foundation, 2004 (3 years) (originally by C. Bessel)
8. "Partnership for Wireless Innovations, Development and Commercialization," \$600,000, National Science Foundation, 2004 (3 years).
9. "Mitigation and Detection of Thermal Signatures of Unmanned Surface Vehicles," \$60,000, Office of Naval Research, 2004 (1 year).
10. "Pharmaceutical Solubility in Liquid and Supercritical Carbon Dioxide," \$120,000 GlaxoSmithKline, 2002 (2 years).
11. "Thermal Management of Handsets," \$40,000 Lucent Technologies, 2001 (2 years).
12. "Exploratory Environmentally Friendly Formation of Self-Assembled Monolayers and Surface-Initiated Polymer Films in Carbon Dioxide," \$111,999, National Science Foundation, 2001 (2 years).
13. "Integration of a Gas Chromatography System in the Undergraduate Laboratory," \$25,000, The Camille and Henry Dreyfus Foundation, 2000 (1 year).
14. "Feasibility Study Using Hydrolysis Reactions," \$40,000, Halocarbon Products Corporation, 1999 (2 years).
15. "Environmentally Benign Processing with Supercritical Fluids," \$26,673, Los Alamos National Laboratory, 1998 (1 year).
16. "FTIR Spectroscopy for Exploratory Chemistry in Supercritical Carbon Dioxide," \$50,000, GlaxoSmithKline Pharmaceuticals, 1998 (1 year).

#### **COMMUNITY INVOLVEMENT:**

Board of Directors, Footlighters, Community Theater Group, 2012-2018

Reader of names, Names Project, AIDS Memorial Quilt, 2005

Board of Directors, King of Prussia Players, Community Theater Group, 2002-2003 season

Advisor, Habitat for Humanity Trip to Danville, VA in Fall of 2001

Actor in community theaters, Celebration Theater (2005-2007: 4 shows), Footlighters (2002-2018: 25 shows), North Light Players (2001: 1 show), King of Prussia Players (2002: 1 show), Hatboro Village Players (2001-2003: 3 shows), Playcrafters of Skippack (2003: 1 show), Colonial Theater (2007: 1 show).
