

Residential

The mission of the program is to prepare Philadelphia public high school girls for admission to and success in college immediately upon graduation from high school.

"We cannot always build the future for our youth, but we can build our youth for the future."

-Franklin D. Roosevelt

► **View on Academic Enrichment**

VIEW is a three year program with two major components: an after school enrichment Summer Reading classes and a residential campus living and learning experience. During the school year a mathematics course and a comprehensive course in English are conducted in the students' respective high schools. Taken together these enrichment courses will help students in their current classes and help them prepare better for college.

Summer Reading

View on Mentoring:

Our program is opened to young ladies in 9th -11th grade, Each young lady will be paired with a mentor in her freshman year of high school. All sophomores will have the opportunity to engage in academic enrichment courses with teachers from their high schools. In the eleventh grade the young ladies will participate in SAT preparation course.

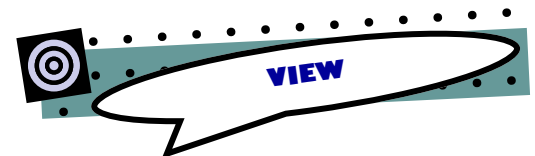

Brainstorming

View on College Preparation:

View offers a three week residential component at Villanova. The young ladies are invited to the campus in the summer to experience " College 101". During this time the ladies will adopt a schedule similar to a normal college student roster, participate in academic classes to enhance their knowledge and skill and enjoy activities to cultivate their minds.

Villanova on VIEW:

Villanova University is a Catholic Augustinian community of higher education committed to excellence in the discovery, dissemination and application of knowledge. The university emphasizes and celebrates the liberal arts and sciences as foundational to all academic programs. It is for this reason that Villanova has decided to extend its knowledge and resources to your daughter.
